SIR,

With reference to your telephone messages of the 6th and 9th instant, I have the honour to inform you that the Chief Auditor anticipates that the statement of station to station traffic will be furnished before the close of the current month. He points out that the Return is a new one and that the compilation of the first half year's figures has necessarily occupied an abnormal time. Future statements will be submitted, it is hoped, soon after the close of the second month in each Half year.

I have the honour to be,

Sir,

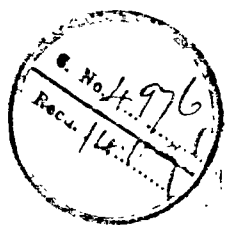

Your most obedient servant,
