Proceedings of the Madras Government, Revenue Department,
8th May 1867.

No. 113. Read the following letter from the Consulting Engineer for Railways, to the Secretary to Government, Public Works Department, dated Madras, 13th April 1867, No. 114 :—

1. With reference to the Order of Government, in the Public Works Department, No. 1,063, dated the 5th instant, requesting my opinion with regard to the necessity for the continuance of a special establishment to assist the Deputy Collector of Kurnool to hand over land for the use of the Madras Canal and Irrigation Company, I have the honour to state that in Order of Government, No. 491, dated 12th September 1862, a small sum (Rupees 575-5-6) was sanctioned, being expenses incurred for lands purchased by the Collector of Tanjore for the Railway; also, according to orders noted in the margin, the Collector of Trichinopoly was permitted to employ temporary office establishment in order to effect a survey, settlement, and registration of lands for Railway purposes. Both these instances are on account of the Great Southern of India Railway, and the charges by the Collector of Trichinopoly were debited to "Expenditure on account of Guaranteed Railways."

No. 708, 2nd Nov. 1864, Rs. 130 per mensem.
„ 697, 1st March 1866, „ 448 do. do.
„ 908, 21st March „ „ 183 do. do.

2. From the statement of the Collector of Kurnool, large areas of land are required by the Irrigation Company, and it is not likely that the Deputy Collector could divert any portion of his establishment to work foreign to them. The application seems to me to be quite reasonable, more especially since it will enable the Collector to transfer the land to the Irrigation Company, and to adjust the claims for compensation much more expeditiously than would otherwise be possible.
