From A. Joyce Esquire, Executive Engineer, Tinnevely Dist, to the Superintending Engineer, Tiruchirappalli, No. 5169 dated 5th December 1896:—

With reference to breaches caused ~~caused~~ in the Division by the cyclone of the 14th November 1896, I have the honor to inform you that I have given orders to close the breaches in anticipation of additional funds being allotted. Application for extra grant will follow.

2. The Division has already suffered much, from want of funds in closing the breaches of December 9th for which additional grant under L2 No 4-R has not yet been fully complied with, to add to this the grant under other service heads for Irrigation have been kept so low, that notwithstanding the strenuous efforts made to restrict expenditure, they have been found to be inadequate to meet the urgency of the works & expenses on other service heads have also incurred.

3. I have therefore to request you

will be good to urge that the funds
already asked for in my last ap-
plication for reappropriation of
funds be sanctioned, so that I
may be in position to know how
the funds stand before submitting
my final modification.

NOVEMBER.

Funds

Resuming and crediting to the reserve the sum of Rs. 4,920 surrendered from
the grant under "49" for the Srivaikuntam anicut system, and requesting the sanc-
tion of the Government of India to an additional grant of Rs. 38,130 under "42" for
that system, in lieu of the sum already applied for.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

Irrigation.
Account.

Read—the following paper:—

From Lieutenant-Colonel O. V. BODDY, R.E., Superintending Engineer, VI Circle, to the Chief Engineer for Irrigation, dated Trichinopoly, 6th November 1896, No. 1217 T.N.

I have the honour to request that the following modification of existing allotment in and additional allotment required for the Tinnevely division may be sanctioned at your earliest convenience:—

Item number.		Existing grant.	Modification of allotments applied for.		Modification of allotments proposed.	
			Reduction.	Increase.	Reduction.	Increase.
	49. IRRIGATION. <i>Capital expenditure on Public Works not charged to Revenue.</i>	Rs.	Rs.	Rs.	Rs.	Rs.
	Srivaikuntam Anicut System.					
1	Reserve for works (cutting the catch drain of Srivaikuntam anicut system)	4,000	4,000	..	4,000	..
	42. MAJOR WORKS. <i>Working expenses—Srivaikuntam Anicut System.</i>					
2	Maintenance and repairs (lump sum)	24,000	..	31,000	..	31,000
	43. MINOR WORKS AND NAVIGATION. <i>Works for which Capital and Revenue Accounts are kept.</i>					
3	Marudur Anicut System—Revenue Account. Maintenance and repairs (lump sum)	12,000	..	3,000	..	3,000
	43. MINOR WORKS AND NAVIGATION. <i>Works for which neither Capital nor Revenue Accounts are kept—P. II. D.</i>					
4	Repairs (lump sum)	40,000	..	3,000	..	3,000
5	Repairs—Agricultural works (lump sum)	25,488	..	6,512	..	6,512
6	Do, do—Tank restoration works (lump sum)	66,000	..	8,000	..	8,000
	Total	..	4,000	61,512	4,000	61,512

* Includes Rs. 27,000 already applied for.

2. Item 1.—Surrendered as estimate has not yet been sanctioned.

Items 2 to 5.—Required to repair damages of the late flood.

Item 6.—As the existing grant will be worked out by November 1896, the additional amount applied for, viz, Rs. 8,000 is required for expenditure during the rest of the year.

No. 206 I.

Submitted to Government.

2. The surrender from item 1 may be credited to the reserve under that head.

3. The Superintending Engineer, VI Circle, now applies for an additional grant of Rs. 31,000 for maintenance and repairs under "42. Major Works (Working Expenses)" or Rs. 38,130, including the charge for establishment, while in the representation made to the Government of India in letter No. 769 I., dated 19th September 1896, an additional allotment of Rs. 23,850 only was applied for, sanction to which has not yet been communicated. As the increased amount is required for repairing damages of the late flood, it is recommended that the sanction of the Government of India thereto be solicited, as the execution of the repairs cannot be postponed till next financial year.

4. There are no funds available to meet the demands under "43. Minor Works and Navigation." Urgent expenditure should be met by re-appropriation of existing grants. Should, however, funds become available by surrenders later on in the year, the necessity for augmenting the grants under this head may be considered.

(Signed) W. HUGHES,
Chief Engineer for Irrigation.

ORDER—No. 984 I., dated 23rd November 1896.

The sum of Rs. 4,000 or Rs. 4,920, including the charge for establishment surrendered under "49. Capital expenditure not charged to Revenue," Srivaikuntam anicut system, is resumed and credited to the reserve under that head.

2. The attention of the Superintending Engineer, VI Circle, is drawn to the concluding paragraph of the foregoing endorsement of the Chief Engineer for Irrigation.

3. Ordered that a copy of these Proceedings be forwarded to the Government of India with a request that early sanction may be accorded to the additional grant of Rs. 38,130 required under "42. Major Works (Working Expenses)" for the Srivaikuntam anicut system in lieu of the sum applied for in letter No. 769 I., dated 19th September 1896.
