Proceedings of the Madras Government, Revenue Department, 15th May 1867.

No. 221. Read the following Proceedings of the Board of Revenue, dated 2nd May 1867, No. 2,688.

Read the following letter from the Collector of the Kistna District, to the Secretary to the Board of Revenue, dated Circuit Cutcherry at Vadaly, in Gudewada Talook, 27th March 1867, No. 78:—

1. I have the honour to forward, herewith, plans* and estimates, amounting to Rupees 38,260, for a district road from the road between Bezwada and Hyderabad to Mylaveram, together with a copy of Superintending Engineer's letter, dated 21st instant, No. 218, in which the necessity of the work is fully explained.

* Sent by banghy.

2. This project will be entered in the Supplemental Budget which will be submitted shortly for the next official year 1867-68.

3. I fully concur with Colonel Winscom in all that is urged by him in favour of the project, and beg to recommend that the Board will be pleased to obtain the sanction of Government for the estimates in question. Eventually the road should be continued to Trivur with a branch to Vissannapeta.

4. The proposed allotment for the next year is Rupees 10,000, of which work to the extent of Rupees 4,000 will be undertaken by the Revenue Department.

From the Superintending Engineer, 2nd Division, to the Collector of the Kistna District, dated Masulipatam, 21st March 1867, No. 218.

1. I have the honour to forward plans and estimates, as per margin, for a district road from the road between Hyderabad and the coast to Mylaveram, amounting to Rupees 38,260, for the sanction of the Board of Revenue and Government.

1 Survey Sketch.
7 Plans.
14 Detailed and Abstract Estimates.
1 General Abstract of do., Rupees 38,260.
1 Specification.
1 Road Estimate.

2. This road will open out the Mylaveram valley to a considerable extent, and will eventually be continued towards Trivur and Vissannapeta, and develope the timber trade of the first-mentioned district. I have not thought it desirable to estimate for these continuations at the present time, because the officers of this department are fully employed, and the present estimate will give employment for all the hands procurable during next year.

3. The roads in the portion of the country referred to, have been much neglected hitherto; only any common cart tracks exist, and as black cotton soil prevails, they are impassable after a very moderate fall of rain.

4. As there are several masonry works on the line, I propose that the work shall be commenced, as early as possible, by the Department of Public Works. The Local Road Cess Funds during next year will, I believe, afford easily 6,000 or 8,000 Rupees for expenditure upon it.

Enclosures Nos. 2 to 13.—Plans and Estimates.

Submitted for the sanction of Government. The road will open up the whole of the Bezwada talook, and should eventually be continued to Trivur as proposed by the Superintending Engineer.

Proceedings of the Madras Government, Revenue Department,
15th May 1867.

No. 222. ORDER THEREON, 15th May 1867, No. 1,093.

Miscellaneous.

Sanctioned.
