4. Owing to the smallness of the current year's Reserve, other than "Agricultural," it has been found impossible to include in the above distribution several incomplete works under the heads "Military" and "Civil Buildings," and as it is most undesirable that the progress of those works should be delayed, the Governor in Council has no alternative but to direct, in anticipation of the approval of the Government of India, that the funds required for their prosecution be provided by the following transfers from Budget allotments, which, it is believed, are not likely to be fully expended, but which will, if necessary, be supplemented later in the year:—

District.	Work.	Amount available.	District.	Work.	Amount granted.
From		Rs.	*To*		Rs.
North Arcot ...	New Central Jail at Vellore. Budget Item No. 114	8,606	Ganjam ...	Improvements to the Jail at Berhampore. Estimate Rupees 14,318, sanctioned in G. O. No. 289, dated 24th January 1866	8,606

7. The Government now proceed to notice such points in the Superintending Engineers' Statements as call for remark.

Proceedings of the Madras Government, Public Works Department,
17*th May* 1867.

8. Estimates should be submitted at an early date for the undermentioned works:—

CUDDAPAH.—Talook Cutcherry at Pullampett. Supplemental Estimate for Rupees 461.

BELLARY.—Improving the Jail at Bellary.

PRESIDENCY.—Demolition of the Black Town wall.

Do.—Making certain alterations, &c., to the Arrack Godowns attached to the Commissary General's Office.

Do.—Strengthening the floor of the Soojee-room and altering the ovens at the Government Bakery.

Do.—Making certain alterations and improvements to the Monegar Choultry and Leper Hospital.

Do.—Constructing a Dead-house at the General Hospital.

Do.—Altering the Cook-room at the General Hospital into a Duff's Kitchen Range.

Do.—Erecting an Iron and Brass Foundry at Chepauk. Supplemental Estimate for Rupees 1,390.

Do.—Drainage of the General Hospital.

MADRAS.—Constructing a Reserve Powder Magazine at the Mount. Supplemental Estimate for Rupees 8,615.

Do.—Working Guindy Engine.

BANGALORE.—Constructing a Canteen at the Cavalry Race Course Barracks. Supplemental Estimate for Rupees 1,145.

TRICHINOPOLY.—Additions and alterations to the Subsidiary Jail at Perambalore

COIMBATORE.—Chinna Nowkara Bridge on Trunk Road No. 5. Supplemental Estimate for Rupees 200.

SOUTH CANARA.—Constructing Sub-Magistrate's Cutcherry with Police Stations at Hosdroog. Supplemental Estimate for Rupees 147.

9. The sum of Rupees 720 allotted in these Proceedings to the Talook Cutcherry at Coimbatore being only 5 per cent. in excess of the sanctioned estimate, the formal approval of Government to the additional outlay is unnecessary.

10. Statement No. 1, as rendered by the Superintending Engineers of the 2nd, 3rd, 5th, and 8th Divisions, is not prepared according to the form furnished by Government in the Order of the 7th February 1865, No. 361. The attention of those Officers will be called to the subject.

11. GANJAM.—Rupees 1,865 have been allotted for the completion of the Church at Berhampore on the understanding that the State contribution of Rupees 766 which was sanctioned in G. O. No. 135, dated 15th January 1867, is not exceeded by this assignment.

12. No funds having been allotted during the past official year on the estimate for masonry works on the loop-road north-east of Berhampore, the item was ordered* to be entered in Statement† No. 2. From the Superintending Engineer's Return No. 1,‡ the Government observe that Rupees 900 were expended on the works up to the 1st March last, and they now request Captain Beckley to explain from what source the money was provided.

* G. O. No. 878, dated 21st March 1867.
† Of new works estimated to cost less than Rupees 2,500, which are recommended for execution in 1867-68.
‡ Of Incomplete Works not provided for in the Budget.

13. VIZAGAPATAM.—The unexpended balance of the estimate for "Improvements to the Civil and Sessions Court" is given at Rupees 700. Deducting from the sanctioned estimate (Rupees 5,000) the expenditure (1,300) on the work up to the 31st March last, the balance would appear to be Rupees 3,700. The Superintending Engineer will explain the discrepancy.

14. GODAVERY.—No outlay having yet been incurred on the estimate for providing iron doors to the old District Jail at Rajahmundry, the work should have been entered in Statement No. 2.

15. KURNOOL.—Rupees 4,200 having been provided in the Budget for the construction of a Talook Cutcherry at Koilgoontlah, the work should not have been included in the Returns under review. In the event of an additional grant being hereafter required, a separate application should be made.

16. PRESIDENCY.—Colonel Bean will communicate with the Director of Public Instruction regarding the funds required for completing the alterations to the Medical College at Madras.

17. The Superintending Engineer enters the unexpended balance on the undermentioned works at Rupees 4,475. If this be correct, the outlay up to the 31st March last must have been greater than Rupees 33,625 :—

	Estimate.	Expenditure up to 31st March 1867.	Balance of Estimate.
Constructing a second set of Incorporating Mills at the Gun Powder Manufactory	38,100	33,625	4,475
Laying down cast iron pipes from the Seven Wells to the Incorporating Mills at do.	9,500		

Additions to Masonry works on the road from Arcot to Arnee. Estimate Rupees 5,240, sanctioned in G. O. No. 159, dated 17th January 1867.

Road from Coopum to the Coopum Railway Station. Estimate Rupees 6,810, sanctioned in G. O. No. 728, dated 11th March 1867.

18. NORTH ARCOT.—The question of providing the grants which are required for the Railway Feeders noted in the margin will be considered in the Revenue Department.

19. SALEM.—The past expenditure on the estimate* for "Dividing the inner Court-yard of the Salem Jail" is entered at Rupees 1,130. This is clearly incorrect, as will be seen by a reference to the Order of the 20th June 1866, No. 1,919. Moreover, the Superintending Engineer applies for a grant of only Rupees 185 for the current official year to admit of the completion of the work.

* Rupees 4,870.

20. COIMBATORE.—The amount of the sanctioned estimate for "Converting the Travellers' Bungalow at Coonoor into a Post Office, Sub-Magistrate's Cutcherry, and Police Station" is given in the Superintending Engineer's Statement as Rupees 4,145. The correct sum is Rupees 4,115.

21. Colonel Walker shows that the estimate for the new Central Jail at Coimbatore will probably be exceeded by Rupees 16,000 in consequence of the value of convict labour employed on the construction of that building being likely to fall far short of what was originally anticipated. The Government should be separately addressed upon this subject.

Proceedings of the Madras Government, Public Works Department,
17*th May* 1867.

22. MALABAR.—Rupees 227 have been allotted in excess of the sanctioned estimate for "Additions and alterations to the Tellicherry Jail." This is owing, as the Superintending Engineer explains, to the necessity for providing, under existing rules, for the cost of the Police Guards who are employed in guarding the convicts engaged on the work.

23. The following Statement shows the total allotment which has been made from the Reserve under each Budget head, and as the grants (Budget or otherwise) for New Works under "Agricultural" and for New Works and Repairs under "Military" are not available for appropriation to other heads of service, the Government request the Superintending Engineers to refrain from submitting proposals involving transfers from those assignments :—

District.	Military.	Civil Buildings.	Agricultural.	Communications.	Miscellaneous Public Improvement.	Total.
