Proceedings of the Madras Government, Revenue Department,
15th January 1867.

No. 273. Read the following letter from the Honorary Secretary Agri-Horticultural Society, to the Secretary to Government, Revenue Department, Fort Saint George, dated Madras, 14th January 1867, No. 23 :—

I have the honor to forward herewith a supply of the seeds of the Singhara,* which should be transmitted at once to the place where the Government wishes them introduced. The seeds had better, during the process of germination, be placed in common shallow clay pans, and the water changed daily, care being taken not to shake or disturb them much. As soon as they have fairly germinated, they should be removed to the tanks in which they are to remain, and deposited on the mud; care being taken that the water above them is not too deep, but at the same time they must not be in a position where they would ever be left with less than two feet of water in which to grow.

* Received from Agri-Horticultural Society, Calcutta.

No. 274. ORDER THEREON, 15th January 1867, No. 132.

Miscellaneous.

Ordered that the seed be forwarded to the Committee of the People's Park.
