*Proceedings of the Madras Government, Revenue Department,
18th June 1867.*

No. 240. Read the following Proceedings of the Board of Revenue, dated 10th June 1867, No. 3,544.

Read the following letter from the Acting Collector of Nellore, to the Secretary to the Board of Revenue, dated Allur, in Nellore Talook, 14th May 1867, No. 137:—

1. With reference to Board's Proceedings, No. 7,448, dated 21st November 1855, I have the honour to report that the Carolina paddy received therewith, as well as the supply sent with Government Proceedings, No. 482, under date the 24th February 1866, was all distributed among leading ryots in four talooks* for experimental cultivation.

- *1. Nellore.
- 2. Guduru.
- 3. Kavali.
- 4. Atmakuru.

2. As the paddy seed was received after the season of Fusly 1275, it was reserved for experiment in Fusly 1276.

3. After the rains in August the paddy was sown. Two ryots raised their plants successfully in Nellore and Atmakur talooks, but the out-turn was very poor, in all about 2½ Madras measures, which has been reserved, and is proposed to be distributed for further experiment in the ensuing year.

4. In other talooks the Carolina paddy totally failed. In some cases it was said to be on account of heavy rain, and in other cases by failure of rain just after sowing.

- 1. Submitted to Government.
- 2. The Board regret that so little result followed the experimental cultivation of the paddy in the district.
- 3. They trust that the further trial with the seed supplied on the 15th May last will prove more successful.

No. 241. ORDER THEREON, 18th June 1867, No. 1,354.

Miscellaneous.

Ordered to be recorded.

(True Extract.)

(Signed) J. GROSE,

Under Secretary to Government.
