Government of Madras.

Revenue DEPARTMENT.

G.O. No. 1427 Press ~~Mis.~~

383. 384

Dated 27 - 6 - 1867.

Not to be folded or roughly handled

No. 383. Read the following letter from J. BROUGHTON, Esq., Quinologist to Government, to the Secretary to Government, Revenue Department, Fort Saint George, dated Ootacamund, 13th June 1867:—

1. I have the honour to acknowledge, with thanks, the receipt of Government Order No. 1,260, dated June 4th, 1867, and containing the sanction of Government to part of the requests I had the honour of preferring, for means and assistance for conducting the present chemical work connected with the Government Chinchona plantations.

2. In reply to the enquiry made in paragraph 4, I have the honour to state that I am informed by Mr. Whitehouse, Principal of the Lawrence Asylum School, that the pupil whom I select for an Assistant will, for the present, continue to lodge and board at the Asylum. This will ensure care both for his health and conduct. His salary will consequently for the present be paid over to the Principal of the Asylum, to defray the cost of his food and clothing.

3. In paragraph 5 I am requested to state approximately the monthly amount required for contingent expenses. It is somewhat difficult to mention a sum to which the expenses will always approach in amount, since my expenditure will obviously depend on the scale on which it is found desirable to work. I therefore request that the Government will be pleased to sanction an allowance to the amount of Rupees 120 *per mensem*. In stating this sum, I have borne in mind the cost of means for making preparations of bark for trial by the Medical authorities.

4. I beg permission to enclose for sanction an Indent for Alcohol on the Commissary General. From an examination of samples (kindly supplied me by Captain Hawkes) I have found that the Commissariat spirit is both the purest and cheapest I have been able to meet with in this country. It approaches in quality and cost to that used for manufacturing purposes in England. I have on a previous occasion been permitted to indent on the Government Medical Stores for spirit, but have obtained it of a quality that is comparatively costly, deficient in strength, and very impure.

No. 384. ORDER THEREON, 27th June 1867, No. 1,427.

Miscellaneous.

1. The Government sanction the employment of a paid pupil under the Government Quinologist, to be selected from among the boys at the Ootacamund Lawrence Asylum, and to be paid Rupees 15 monthly for the first six months, with a half-yearly increase of Rupees 5 to his monthly pay for the ensuing two and a half years, conditional on his good conduct, and subject to periodical reports to Government by Mr. Broughton. The boy will continue to lodge and board at the Asylum so long as the Principal and Mr. Broughton may consider the arrangement necessary or desirable, but the Government desire that a distinct proposal may be submitted for their approval as to the sum out of his salary that is to be paid for his board, lodging, and clothing to the Principal. They are not prepared to assign the whole of his salary indefinitely for this purpose, and consider that a small allowance should be made to the boy for pocket-money out of his pay, and that a further portion should be placed in the Savings Bank for his benefit, when circumstances will admit.

Proceedings of the Madras Government, Revenue Department,
27th June 1867.

2. The Government also authorize Mr. Broughton to incur contingent expenses in connection with his work not exceeding Rupees 120 monthly, to be adjusted on monthly bills.

3. The Accountant General will make the necessary provision for the above charges in the next monthly Statement to be sent to the Government of India, and otherwise according to rule.

4. The Indent for Alcohol will be passed, and sent to the Commissary General for supply.
