Proceedings of the Madras Government, Public Department,
19*th June* 1867.

No. 191. Read the following letter from the Inspector General, Medical Department, to the Chief Secretary to Government, Fort Saint George; dated Fort Saint George, 14th June 1867, No. 229.

I have the honor to submit the following case for the consideration and decision of Government.

2. On the 4th February of the present year, a report reached the Revenue Survey Office at Palamcottah that a Deputy Surveyor was dangerously ill, with "ague and lock-jaw", at a village 24 miles distant; and the Deputy Superintendent directed the Dresser doing duty with the Survey Party to proceed at once to the village to afford medical aid.

3. The Dresser procured a cart and bullocks, and proceeded the same day on this emergent duty, and returned to Palamcottah with the patient, whom he found delirious and suffering from ardent fever, brought on by exposure to the sun.

4. The Dresser applies for travelling batta of 4 Annas per mile, under Order of Government, Judicial Department, No. 983, of 22nd June 1866, limiting his bill to Rupees 6 for the outward trip. The Superintendent of Revenue Survey, however, is not prepared to pass a greater charge than 4 Annas per diem, on the ground that the above Order authorizes mileage only for the duty of "examining "corpses or wounded persons, or being present at the execution of sentences of "corporal punishment."

5. I respectfully submit that it could not have been the intention of Government to restrict the mileage allowance to the duties indicated, or to deny this indulgence when the duty performed was to save the lives of their servants, instead of reporting upon corpses, or being present at the infliction of corporal punishment; I have, therefore, the honor to request that Government may be pleased to declare the indulgence admissible also in cases where Medical Subordinates are required by competent authority to travel a distance exceeding five miles on public duty of whatever nature.

6. According to the usage of the Service, mileage allowances, when claimable by regulation, are admissible for up and down trips; I, therefore, beg to suggest for favorable consideration that the Dresser may be allowed the expenses of his return to Palamcottah as well, viz., Rupees 12 in all.

No. 192. ORDER THEREON, 19th June 1867, No. 710.

His Excellency the Governor in Council sanctions the payment of Rupees 12 to the Dresser referred to in the foregoing letter, and authorizes the application of the rule laid down in the Proceedings of Government of the 22nd June 1866, No. 983, to the case of Medical Subordinates required to travel distances exceeding five miles on public duty of whatever nature.

(True Extract).

Chief Secretary.
