Read the following papers :—

No. 414. Proceedings of the Board of Revenue, dated 16th March 1867, No. 1,634.

Read the following letter from the Collector of the Godavery District, to the Secretary to the Board of Revenue, dated Tanuku Talook, 8th January 1867, No. 4.

1. With reference to the Orders of Government noted marginally, I have the honour to state that, on the 26th November 1866, I proceeded to Nursapur to inspect the various sites available there for the Sub-Collector's Cutcherry.

2. I did this in company with the Acting Sub-Collector. We first went to the old public bungalow, which it was proposed to make the Sub-Collector's Cutcherry. The site I consider to be bad, as it is shut out from the sea-breeze, and the building is decidedly unfit for a European to hold Office in. The other two sites we inspected were, one in a central position in Taylor's pettah which I do not consider a good one, and a corner of Mr. Webster's compound which the owner of the ground is willing to give gratis to Government, provided Nursapur is retained as the Sub-Collector's head-quarters. He will probably be a heavy loser if the Office be removed; because it is not likely that any one drawing less pay than a Sub-Collector would, if stationed at Nursapur, pay the rent he now does for his quarters. This last site is as good as any that can be selected, and as convenient for all who have occasion to go to the Office as any other. I, therefore, would recommend its being selected for the new Cutcherry. The present building and site would sell for at any rate 1,000 Rs. which sum would go towards the cost of the new building, for which I have the honour to forward plan and estimate.

3. The sketch of the town of Nursapur, with the available sites marked in it, will be ready in a few days, and shall then be forwarded.

4. With regard to the advisability of changing the Sub-Collector's station, I beg to state that to do so would necessarily involve the change of the Collector's and Head Assistant's stations too. If the Sub-Collector's charge is to remain as at present, comprising the talooks of Undi, Nursapur, and Tanuku, that Officer cannot, in my opinion, be more conveniently situated anywhere than at Nursapur as at present; whether his convenience, or that of those who have to attend his Office, be considered.

5. But I think the best arrangement for the whole district would be to place the Collector at Rajahmundry, with charge of the Rajahmundry, Peddapur, and Yernagudem talooks.

6. The Sub-Collector at Cocanada with charge of Ramachendrapur and Amalapur.

7. The Head Assistant at Ellore (there a European Officer with full powers is much wanted) with charge of Ellore and Tanuku.

8. The General Deputy Collector at Nursapur with charge of Undi and Nursapur.

9. This general change would involve the necessity of building a new Collector's Cutcherry at Rajahmundry, unless Messrs. Arbuthnot & Co. would sell or rent their Factory buildings between Dowlaishweram and Rajahmundry. These would answer well for an Office with some small alterations.
