Proceedings of the Madras Government, Revenue Department,
19*th July* 1867.

No. 355. Read the following Proceedings of the Madras Government in the Public Works Department :—

Sanctioning estimate for the enlargement of the salt creek from the Kadavakudru bridge, and for an extension of the Commamoor channel in the Kistna District. } (Here enter 1st May 1866, No. 1,310.)

No. 356. ORDER THEREON, 19th July 1867, No. 1,624.

Miscellaneous. Communicated to the Revenue Board.

(True Extract.)

(Signed) W. HUDLESTON,
Secretary to Government.

To the Board of Revenue, with Proceedings Public Works Department, No. 1,310.

Exd. S. T. Augustin.

No. 36. Read the following letter from the Superintending Engineer, 2nd Division, to the Secretary to Government, Department Public Works, dated Masulipatam, 19th April 1867, No. 12 :—

1. In the project for works connected with the Commamoor channel, sanctioned by Government in G. O. No. 3,699, dated 15th December 1863, provision was made for draining the Rompairoo swamp by means of a channel which extended from near Baupetla to the Kadavakudru bridge, from whence the water would pass to a creek by a natural outlet, as shown in the sketch plan accompanying; but owing to the silted condition of this outlet, it is found that the water passes off very sluggishly, and the benefits expected are not obtained. In the accompanying estimate which I have the honour to submit for sanction, this want has been attended to.

Rupees 4,630.

2. It was proposed by Colonel Anderson to turn the Appairu hill stream by a catch-drain into the swamp south of the Incole and China Ganjam road, and this has been done, but in order to allow the water to pass out, a cut, O P, through the swamp into the Rompairoo drainage is absolutely necessary, and for this also provision has been made in the accompanying estimate.

3. I have the honour to request that should it meet the approval of Government, the amount of this estimate may be added to that (Rupees 1,85,460) of the Commamoor channel project, when the work can be carried out this year from the allotment under Item 139 of the Budget.

No. 37. ORDER THEREON, 1st May 1867, No. 1,310.

IRRIGATION, No. 4.

1. With this letter the Superintending Engineer of the 2nd Division submits an estimate of Rupees 4,630 for the enlargement of the salt creek from the Kadavakudru bridge to a distance of five miles for the better drainage of the Rompairoo swamp, and for an extension of the Commamoor channel in order to provide adequate means of escape for its surplus waters and for those of the Appairu hill stream in the Kistna District.

2. The Government sanction the proposed expenditure, and grant authority for the amount of the estimate which received their approval in the Order of the 15th December 1863, No. 3,699, being increased from Rupees 1,85,460 to Rupees 1,90,090.

(True Extract.)

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.

To the Superintending Engineer, 2nd Division.
" Accountant General.
" Controller of Public Works Accounts.
