*Proceedings of the Madras Government, Public Works Department,
21st May 1867.*

No. 483. Read the following letter from the Superintending Engineer, 5th Division, to the Secretary to Government, Department Public Works, dated Cuddalore, 9th May 1867, No. 29 :—

1. I have the honour to forward, for sanction, an estimate of Rupees 1,135, for constructing two Vauganays and cutting a channel in the Vellaur near the village of Thiravadathurai, in the South Arcot District.

1 Estimate.
2. The river has for several years been cutting into the north bank at this place, and now the village is in danger of being carried away. The improvement in the course of the river, proposed to be made, is more for the safety of the village than for any other reason, and should properly come under the head of "Miscellaneous Public Improvements;" but there is nothing allowed in the Budget under this head. I therefore recommend that the estimate be sanctioned from the allotment for Repairs "Agricultural," from which source the cost of most works for the protection of river banks is met.

No. 484. ORDER THEREON, 21st May 1867, No. 1,528.

IRRIGATION, No. 28.

1. Sanctioned.
2. The outlay will be charged to the Reserve under "Agricultural."
