Proceedings of the Madras Government, Public Works Department.

8th June 1867.

No. 171. Read the following letter from the Superintending Engineer, 7th Division, to the Secretary to Government, Department Public Works, dated Coonoor, 31st May 1867, No. 47 :—

I have the honour to submit, for the sanction of Government, the enclosed estimate of Rupees 405, required in addition to the sanction of Rupees 2,500 granted in G. O. No. 1,844 of 12th

June 1866, for improving the Senepetty and Poolyoor channels. The excess is due to the diversion of the Senepetty channel course in three places to avoid rock encountered in widening the channel, to remove which would have been much more expensive. Also to additional clearings of silt deposited by the freshes of the monsoon of 1866. The present estimate raises the original to Rupees 2,905, of which Rupees 2,220 having been spent in 1866-67, the current year's allotment of Rupees 280 has to be increased to Rupees 685 by an additional grant from the Reserve under Agricultural.

No. 172.

ORDER THEREON, 8th June 1867, No. 1,717.

IRRIGATION, No. 7.

* Original estimate of Rupees 2,500 sanctioned in G. O. No. 1,844 of 1866.

Under the explanation afforded by the Superintending Engineer of the 7th Division, the Government sanction the supplemental estimate of Rupees 405* for improving the Senepetty channel in the Coimbatore District, and direct that the amount be charged to the Reserve under "Agricultural."

(True Extract.)
