Proceedings of the Madras Government, Public Works Department, 14th June 1867.

No. 315. Read the following letter from the Superintending Engineer, 5th Division, to the Secretary to Government, Department Public Works, dated Cuddalore, 6th June 1867, No. 44 :—

1 Plan.
1 Estimate.
1 Specification.

1. I have the honour to forward, for the sanction of Government, an estimate of Rupees 1,050, accompanied by a plan and specification, for constructing a calingulah in the bank of the Wallajah channel near Karamboor, in the Cuddalore talook, South Arcot.

2. The channel is led from the Poonjar, and supplies the tanks of thirteen villages. The bank is constantly giving way at the place where it is proposed to build the calingulah, in consequence of the drainage of a large tract of country there falling into the channel. The only way to prevent the breaching of the bank and the consequent loss of water, will be to build a masonry work for the passage of surplus water.

3. If no funds are available from the Reserve "Agricultural," I request Government will be pleased to allow the work to be carried out from the allotment of the district. The revenue dependent on the channel is upwards of 6,000 Rupees.

No. 316. ORDER THEREON, 14th June 1867, No. 1,786.

IRRIGATION, No. 12.

The Government sanction the estimate of Rupees 1,050 submitted with this letter for the construction of a calingulah in the bank of the Wallajah channel near Karambhoor in the South Arcot District, and authorize the work to be proceeded with, its cost being met, later in the year, by transfers.

(True Extract.)
