Proceedings of the Madras Government, Revenue Department,
19th January 1867.

No. 414. Read the following letter from the Acting Collector of Kurnool, to the Secretary to Government, Revenue Department, Fort Saint George, dated Kurnool, 15th January 1867, No. 3:—

1. In reply to your telegram of the 7th instant, requesting me to confer with the Medical Officers and report speedily what measures can be adopted to lessen the mortality from fever, I have the honor to inform you I immediately called on Surgeon Major Tribe of the 28th Regiment and Civil Surgeon Dr. McCarthy, and forward, for your information, their report on the subject. They simply recommend a sufficient supply of Quinine, the present one being nearly exhausted.

2. I have nothing further to add than that I have called the attention of the Police Superintendent to the filthy state of the Town, with reference to Section 134 of the Municipal Act, and trust, with the better working of that Act, to have more cleanliness provided for in future.

3. It is, however, satisfactory to notice that the repeated deaths from fever are daily decreasing; those for the week ending Saturday 5th being seventy-seven, and those for that ending 12th instant being forty-eight.

4. The report of Sunday the 13th shewed only five deaths; the lowest number since the reports have been furnished, except on the 27th December, when it was three, and the 11th, Friday, when it amounted to five.

No. 415. ORDER THEREON, 19th January 1867, No. 196.

Miscellaneous.

1. Communicated to the Principal Inspector General, Medical Department, with the request that he will increase the supply of Quinine in the Kurnool Disponsary Stores, as far as he may deem necessary and circumstances may allow.

2. The supply of this medicine at a station so scourged with fever as is Kurnool, should be large in proportion to its exceptional needs.
