No. 162. Proceedings of the Board of Revenue, dated 20th June 1867, No. 3,818.

Read the following letter from the Collector of North Arcot, to the Secretary to the Board of Revenue, dated on Circuit at Paradarami, 8th May 1867, No. 110.

1. I have the honor to submit, for the sanction of the Board, the enclosed Statement of compensation in land or money which it is proposed to grant to five claimants in lieu of service land, and to one claimant in lieu of a personal Inam appropriated for public purposes.

2. For the land taken up in the first five cases which measures Cawnies 2-1-4, assessed at Rupees 9-0-6, it is proposed to give fresh plots in lieu, measuring in all Cawnies 3-6-6, assessed at Rupees 13-9-10, and to charge quit-rent of Rupees 4-11-11 against the second, fourth, and fifth claims in which the extent substituted exceeds that appropriated.

3. Advorting to the Board's Proceedings, dated 20th July last, No. 4,908, I should mention that the sixth claimant is willing to receive Rupees 13-10-4 as compensation, being ten years' purchase of the annual rent value of the land appropriated. This I recommend to be paid in full of all demands.

4. If the sixth claim be settled in the manner I propose, an abatement of Annas 2 will have to be made in the present quit-rent which is 4 Annas.

5. This item of compensation will be met from Imperial Funds in the Budget of 1867-68, which are at the disposal of the Superintending Engineer, 4th Division.

Proceedings of the Madras Government. Revenue Department,
10th September 1867.

The Collector is requested to state whether the Inam land, for which he proposes to grant a money compensation, has been enfranchised from lapse.

No. 163. Proceedings of the Board of Revenue, dated 23th August 1867, No. 5,568.

Read the following letter from the Collector of North Arcot, to the Acting Secretary to the Board of Revenue, dated Chittoor, 19th July 1867, No. 183:—

With reference to the Board's Proceedings, dated 20th ultimo, No. 3,818, I have the honor to state, for their information, that the Inam land for which compensation in money is proposed has been enfranchised from lapse.

1. Resolved that the Statement in the Proceedings, to which the foregoing letter is a reply, be submitted to Government for their sanction.
2. With regard to Case No. VI., the Board apprehend that the Inamdar now pays a quit-rent of Annas 4, and that this will be reduced to Annas 2, in consequence of part of the land having been taken up, and a lump payment of Rupees 13-10-4 made for it.

No. 164. ORDER THEREON, 10th September 1867, No. 2,125.

Land Revenue

1. The payment of Rupees 13-10-4 for the land taken up in Case No. 6, and the reduction of the quit-rent on the personal Inam from Annas 4 to Annas 2, are sanctioned.

2. In regard to the other cases, which are Village Service Inams, the proposal to charge quit-rent in consideration of the difference of the annual value of the land taken up and of that assigned in lieu of it, appears to the Government an objectionable feature, and they desire that in Case No. 2, where the value of the assignment is nearly double that of the encroachment, the Collector will endeavour to effect a more nearly equivalent exchange. In the other cases the proposed exchange may be carried out, but the claim for quit-rent will be waived, as calculated to weaken the power of dealing with the lands as official emoluments.

Reduction for the land taken up in case No. 6. The reduction of the quit-rent on the personal Inam from 4 to 2 is sanctioned.

In regard to the other cases of Village Service Inams the proposal to charge quit-rent in consideration of the difference of the annual value of the land taken up and of that assigned in lieu of it, appears to the Government an objectionable feature. They desire that in Case No. 2, where the value of the assignment is nearly double that of the encroachment, the Collector will endeavour to effect a more nearly equivalent exchange. In the other cases the proposed exchange may be carried out, but the claim for quit-rent will be waived, as calculated to weaken the power of dealing with the lands as official emoluments.
