Proceedings of the Madras Government, Public Works Department, 18th September 1867.

No. 435. Read the following letter from the Controller of Public Works Accounts, to the Secretary to Government, Department Public Works, dated Madras, 11th September 1867, No. 2,295:—

1. With reference to G. O., 23rd August 1867, No. 2,590, I have the honor to observe that Forms letter B, Nos. 1 and 2, are the only ones that can be filled in with the information required, in communication with the Superintending Engineers, who will be instructed, if the Government approve, to set on foot a system of returns and of record, which will be necessary for compiling the forms required.

2. The returns may be opened out from 1st April 1867, and the requisite information obtained for filling in the forms, to accompany the Administration Report for 1867-68.

3. I do not think it will be practicable to collect the information for previous years; it has never yet been decided how income obtained from irrigation works is to be exhibited, whether as Public Works or Land Revenue, except in the cases of the Godavery and Kistna works.

No. 436. ORDER THEREON, 18th September 1867, No. 2,891.

ESTABLISHMENT, No. 52.

1. The Controller of Public Works Accounts will take measures for furnishing the local Officers with the requisite printed forms, and with such subsidiary instructions as may be necessary, with a view to the compilation of the returns required by the Government of India with future Administration Reports of the Public Works Department.

2. The general statements for Government should be submitted by the Controller.
