Proceedings of the Madras Government, Revenue Department,
10th October 1867.

No. 228. Read the following Proceedings of the Madras Government in the
Public Works Department:—

Passing orders on letter from Superintending Engineer, 3rd Division, requesting information regarding the expenditure connected with the preparation of surveys and estimates for roads to be constructed from Local Funds in the several districts of his division. (Here enter 4th October 1867, No. 3,078.)

No. 229. ORDER THEREON, 10th October 1867, No. 2,388.

Local Funds, No. 8.
Account.

1. Referred to the Board of Revenue for their remarks.

2. It appears to Government that Superintending Engineers may well be authorized to incur from District Road Funds, placed at their disposal, such expenditure as may be unavoidably necessary for the preparation of plans and estimates for local roads, their credit being re-supplied from the Local Fund, on submission of quarterly bills for the particular item of charge which cannot be large in amount.

No. 64. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Camp at Arlaguddah, Sirwail Talook, Kurnool District, 25th September 1867, No. 1,743:—

As surveys and estimates are being called for for roads to be constructed from Local Funds in the several districts in this division, I have the honor to request you will inform me if, under clause 1, paragraph 8, Chapter IV of the Public Works Code, I can sanction any expenditure connected with these preliminary operations, or if the authority of Government must be obtained in each individual case. As a rule I think a sum of about 3 Rupees per mile is necessary.

No. 65. ORDER THEREON, 4th October 1867, No. 3,078.

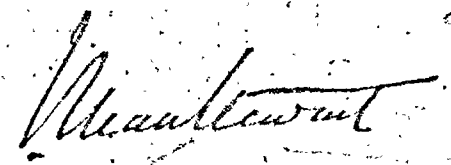

LOCAL FUNDS, No. 11.

Account.

The Superintending Engineer will be informed that in the case of Imperial works he is authorized to sanction any unavoidable expense connected with the preliminary operations referred to in clause 1, paragraph 8, Chapter IV of the Code, and, in accordance with the ruling marginally noted, to debit the cost to the allotment for Minor New Works under the head to which the charge may properly appertain. The question as to the manner in which the outlay is to be met in the case of works to be undertaken from Local Funds will be considered in the Revenue Department.

Paragraph 17 of Rules circulated with Order No. 28, dated 7th January 1863.
