*Proceedings of the Madras Government, Revenue Department,
17th October 1867.*

No. 336. Read the following Proceedings of the Board of Revenue, dated 8th October 1867, No. 6,441.

Read the following letter from the Collector of Coimbatore, to the Secretary to the Board of Revenue, dated 3rd September 1867, No. 211 :—

1. With reference to paragraphs 5 and 6 of my letter of the 12th June 1837, No. 134, I have the honor to forward a detailed estimate for constructing a new line of road from Pollachy to the foot of the Annamallays on the Poonachy side, amounting to Rupees 3,520, and to request sanction for the same.

2. The length of the line from Pollachy to the point known as Vannanthoray in the Aliar river, where Mr. Lowry begins his road, is $13\frac{1}{4}$ miles. Of which the first $3\frac{3}{4}$ miles consist of an old road, but it requires to be mended and improved. For the other $9\frac{1}{2}$ miles an entirely new road must be constructed.

3. It is proposed that the earthwork of the road, and the construction of covered drains across several small nullahs, shall be undertaken this year; the more expensive works, such as metalling the road, and bridging large jungle streams, being reserved for next year.

ENCLOSURE No. 1.—Estimate.

1. The estimate, amounting to Rupees 3,200, received with the foregoing letter, is submitted for the sanction of Government, with reference to paragraph 9 of the Board's Proceedings, dated 23rd August 1867, No. 5,463.

2. The work appears in Part I. of the Supplemental District Road Fund Budget for the current year as Item No. 3.

3. The Board observe that the amount of the estimate is given in the Collector's letter as Rupees 3,520, which is incorrect.

4. When submitting the plans and estimates for the bridges required on this line, the Collector will state what the value of the traffic on it is.

No. 337. ORDER THEREON; 17th October 1867, No. 2,441.
