*Proceedings of the Madras Government, Revenue Department,
18th October 1867.*

No. 375. Read the following letter from the Officiating Director of Revenue Settlement, to the Secretary to Government, Revenue Department, Fort St. George, dated Madras, 8th October 1867, No. 1,160-26:—

1. I have the honor to forward the usual return of work performed and expenditure incurred by the Settlement Department during the second quarter of 1867.

2. *Godavery District.*—The preparation of the final Settlement Registers for the Godavery District progressed. Registers for 136 villages were written, and at the close of the quarter those for 118 villages were under preparation. The usual number of copies of 113 Registers were printed by the Contractors, Messrs. Graves, Cookson & Co. In the field a small amount of new demarcation and classification was performed on the requisition of the local Revenue officers, and the demarcation of those parts of certain islands in the Godavery, which from their high level and permanent character, it is proposed to bring under the Settlement rates, was undertaken and commenced. The expenditure shews a net increase of Rupees 318, resulting from an increase in the demarcation charges, and a decrease in those of assessment.

3. *Kistna District.*—The field work accomplished by a portion of the establishment under the Acting Sub-Collector on special duty, amounted to 7,402 acres of new demarcation, and 6,386 acres of new classification in the Guntoor Division. In Office, Diglott Settlement Registers for sixty-four villages were written and examined, thus completing the Registers for the Masulipatam division of the district, except in the matter of the areas of interstitial fields, which are now being measured by a small extra establishment entertained for the purpose. A few Kyles were made during the first month of the quarter. The chief attention of the Office establishment was given to the Guntoor Division Settlement Accounts. The report on that division has since been completed. The expenditure in this party is slightly higher than in the previous quarter.

4. *Kurnool and Cuddapah Districts.*—The field work accomplished by this party, chiefly in the Budwail talook of Cuddapah, exhibits a considerable increase over the out-turn of the previous quarter, though it is below the standard. The causes which before impeded the work continued to operate to its disadvantage. The party suffered from sickness throughout the quarter, and the work was more than usually tedious, being carried on, for the most part, in wet lands containing numerous very small fields. Attention was paid to kyling as long as the harvest lasted. Towards the close of the quarter the field establishment began gradually, as the Budwail villages were completed, to return to head-quarters, the commencement of work in a fresh talook being postponed till after the recess, which the party has been allowed to take this year, having had none since 1863.

5. 3,433 Masonry pillars were built during the quarter. Of these, 1,834 were on village boundaries, and the rest on those of Khandams.

6. The new Settlement was introduced in thirty-four villages of the Sirwell talook of Kurnool, for which Survey areas had been received, and the rates will be brought into force from the commencement of the current Fusly. Forty-eight more villages in three talooks were settled after the close of the quarter, and in these also the rates will be introduced for the current Fusly. The few remaining villages of Kurnool proper, for which Survey areas have yet to be received, will be settled early next year.

*Proceedings of the Madras Government, Revenue Department,
18th October 1867.*

7. The expenditure in this party shews a considerable decrease, attributable to Mr. Melville's departure, the lower salary received by his successor, and the reduction in the number of Assistants from three to two.

8. *Tinnevelly District.*—The expenditure set opposite this district consists of the pay of a small establishment employed under the orders of the Collector and of the Survey Department in the correction of errors in the demarcation.

9. *Salem District.*—The small establishment retained in this district was employed as before. I observe that the Board's views on the Settlement of this district have been submitted to Government with their Proceedings of the 4th instant, No. 6,334.

10. The sum of Rupees 12,439, at the foot of the statement, consists of the items noted in the margin. The first two are debitable to the Settlement Budget by order of Government. The third is the pay of a small establishment placed at the disposal of the Superintendent of Revenue Survey for employment in the Madras District Demarcation. This establishment has since been transferred altogether to the Survey Department.

Return of work and expenditure in the Settlement Department for the second Quarter ending 30th June 1867.
