Proceedings of the Madras Government, Public Works Department,
18th October 1867.

No. 366. Read the following letter from the Acting Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 8th October 1867, No. 3,232 :—

1. I have the honor to report in reply to paragraph 2 of Order No. 2,986, dated 25th September 1867, calling upon me to state what additional sum can be advantageously spent on irrigation repairs in the Polur talook of the North Arcot District this official year, that I have since received G. O. No. 3,055, dated 2nd October, placing Rupees 7,000 at my disposal from the Vizagapatam District for these works.

2. This will enable me to have carried out all the emergent works to tanks required this official year or, at least, as many as the means at our disposal owing to the approaching monsoon will allow us to execute. The Range Officer has just submitted a list for such works, amounting to Rupees 7,470, which I have forwarded on to the Collector for approval. Mr. Bevan also requests sanction in the month of March for another list of estimates, amounting to Rupees 6,305, so that they may be completed before the feverish season begins, the tanks being situated in the valleys of the western range of hills bounding his talook.

3. I have sent a list of works to the Madras Collector also, in view to the allotment for the Madrantikum talook of 7,000 Rupees sanctioned in the same order being utilized.
