*Proceedings of the Madras Government, Revenue Department,
25th October 1867.*

No. 512. Read the following letter from the Secretary to the Board of Revenue, to the Secretary to Government, Revenue Department, Fort St. George, dated Madras, 5th October 1867, No. 6,367 :—

1. With advertence to the Order of Government, in the Judicial Department, under date 16th August, No. 1,330, communicated with the Order in the Revenue Department, under date 30th August, No. 2,032, I am directed by the Board of Revenue to submit, for the consideration of Government, that it is advisable to adopt, for all departments in their communications with Tahsildars and Sub-Magistrates, the forms of address therein prescribed by Memorandum and Arzee.

2. It is only reasonable that a subordinate officer should receive "orders" only from his own official superior. This principle is followed in all other departments. A Collector and Magistrate cannot issue Takids to Public Works, Forests, or Survey Officers, and there is no reason whatever why Officers of these departments should issue them to his subordinates. The course now ordered by Government in regard to Police Officers, whose relations with the Collectors' subordinates are most intimate, seems to the Board to meet the case of other departments most fully; and it is in fact suggested by the present status of Tahsildars.

3. Should the Government concur with the Board, they will prescribe, in communication with the Heads of the Departments concerned, which Officers in each department are entitled to the use of the forms of address under consideration, leaving untouched the existing forms of address as regards the subordinate officers.

No. 513. ORDER THEREON, 25th October 1867, No. 2,520.

Miscellaneous.

The Government request that the Board will explain whether they intend to include Collectors and Magistrates and other immediate superiors of Tahsildars in the expression "*all departments*," and what are "the existing forms of address" to which they refer at the close of the above letter, and which they would leave untouched.
