Dated - 28 — 10 — 1867	

Not to be folded or roughly handled

2526

Proceedings of the Madras Government, Revenue Department,
28th October 1867.

Read the following papers:—

No. 525. Proceedings of the Board of Revenue, dated 13th July 1867, No. 4,392.

Read the following letter from the Collector of Cuddapah, to the Secretary to the Board of Revenue, dated Circuit at Maddanapally, 1st July 1867, No. 95.

With reference to the Proceedings of the Board of Revenue, dated 31st May 1867, No. 3,342, I have the honor to enclose copy of a letter* received from the Superintending Engineer, 3rd Division, and inform you that I quite concur with him in the suggestion that the road from Chayar river to Rajempett might be transferred to Local Funds. He has, accordingly, been requested to include it in his list of works to be sent to this Office for entry in the Supplemental Budget for transmission to the Board.

* Dated 19th June 1867, No. 776.

Grant Rupees 2,220.

From the Superintending Engineer, 3rd Division, to the Collector of Cuddapah, dated Bellary, 19th June 1867, No. 776.

1. In reply to your letter, No. 363, of the 11th instant, I have the honor to inform you that both Government and the Board of Revenue appear not to know where most of the roads referred to are situated; the entries in the Budget are according to ranges, and so a portion of an Imperial road may have only a small sum in one range and a large sum in another.

2. The annual repairs (Rupees 1,280) to road from Cuddapah to Canamalapully are merely for that portion of the Madras and Cuddapah road which is in the Cuddapah Range; the other portion "Repairs to Madras road from Canamalapully to the North Arcot frontier" is in the Pullampett Range, and has an allotment of Rupees 11,792.

3. The repairs (Rupees 240) to the Boogga and Rolla bridges, which are on the road from Cuddapah to Bellary, are granted, as the roadway on either side is kept in order by the prisoners.

4. The third item is the portion of the Cuddapah and Kurnool, and Cuddapah and Nellore road, which is common to both, as far as Cazepett, the allotments for the remaining portions being Rupees 2,945 and 3,510.

G. O., No. 3,429, of 29th October 1866.

5. The fourth item is a portion of the road between Royachoty and Rajempet, the grant of which was reduced last year.

6. The fifth item is the portion in the Cuddapah District of the road from Pullampett, in the Cuddapah District, to Kistnapatam Doorgarazpatam on the sea coast in the Nellore District.

7. The sixth item is the portion in the Cuddapah District of the road from Cuddapah and Madanapally to Bangalore.

8. The last item is the discretionary allowance placed at the disposal of the Collector and Superintending Engineer for minor improvements of all roads.

9. In conclusion, I beg to state that the only item which can be considered local, and which might be transferred to Local Funds, is the fourth item, viz., repairs to roads from Chayar river to Rajempett.

The Collector is requested to allow no more delay to take place in the submission of the District Road Map and Supplemental Local Fund Budget, in which the work in question may be included.

No. 526. Proceedings of the Board of Revenue, dated 16th October 1867, No. 6,711.

Read again letter, dated 1st July 1867, No. 95, from the Collector of Cuddapah, recorded in Board's Proceedings, dated 13th idem, No. 4,392.

Read also the following Supplemental Road Fund Budget for 1867-68, dated 5th October 1867, received from the Collector of Cuddapah.

---

1. Resolved that the above Budget be submitted for the consideration and orders of Government.

2. The original Budget shewed an estimated income of Rupees 8,000 from the several items of receipts, with an expected balance of Rupees 1,141. The Collector now estimates the Road Cess collections alone at Rupees 63,000, but does not make any mention of the actual balance of the Fund on the 1st April 1867. Referring, however, to the Local Fund Report of the district for the past official year, it is observed that the cash balance on 1st April was Rupees 8,111, but from this a sum of Rupees 3,068, being a portion of the expenditure incurred by the Public Works Department in 1866-67, which remains unadjusted in the Collector's accounts of that year, and another sum of Rupees 908 on account of Public Works Supervision on the total expenditure incurred by that department, be deducted, the real balance will amount to Rupees 4,138.* This sum added to Rupees 71,000, the total receipts of the Fund amount to Rupees 75,138, which may be considered as the total available assets for expenditure in the current year.

	Rs.
	* 8,114
3,068 + 908 =	3,976
	4,138

3. The original Budget provides for an expenditure of Rupees 9,096, which deducted from the total assets of Rupees 75,138, leaves an available balance of Rupees 66,042.†

	Rs.
	† 75,138
	9,096
	66,042

4. Part I. of the Supplemental Budget contains five works, all of which are unsanctioned. The Collector is requested to expedite the submission of the requisite estimates, as the works cannot be commenced before they are sanctioned.

5. Items Nos. 1, 3, and 4 are Railway feeders, and are provided for in the Budget with reference to the Government Order, Revenue Department, dated 10th August 1867, No. 1,858. The Board observe that the Road No. 4 was to have been formed from Pulivendla to Muddanore *via* "Mullalah" pass, but, in the Budget, the road from Mullalah pass to Muddanore station only is entered. The Collector is requested to explain why the portion from Pulivendla to Mullalah pass has been omitted.

No. 1. Road from Poddatur to Yerraguntla.
,, 3. Do. from Gundlur to Condapuram Station.
,, 4. Do. from Mullalah to Muddanore Station.

6. Of the four works enumerated in the Collector's letter, dated 27th April 1867, No. 57, printed with the Order above quoted, three works noticed above are provided for in the Budget. The fourth work, namely, the road from Badwail to Wontimittah, is not entered. The cause of this omission should also be stated by the Collector.

7. Part II. of the Budget contains twenty works, none of which call for any special remark.

8. An abstract of the Supplemental Budget is given below:—

		RS.
By Public Works Department ...	Original Works	33,000
	Repairs	12,938
		45,938
	Add	
For Public Works Supervision at ten per cent. on the estimated expenditure		4,594
Reserve at ten per cent. on Rupees 63,000		6,300
		56,832

This amount if deducted from the available balance of Rupees 66,042 shewn above, leaves a surplus balance of Rupees 9,210.* The Board request that the proposed expenditure of Rupees 56,832 may receive the sanction of Government.

	RS.
*	66,042
	56,832
	9,210

9. The first letter above recorded is in reply to Government Order, Revenue Department, dated 28th May 1867, No. 1,207, to which was appended a list of maintenance grants for certain Imperial lines, with the view of ascertaining whether any of them might properly be transferred to Municipal or District Road Fund. Of the seven items enumerated in the list in question as appertaining to the Cuddapah District, the Collector and Superintending Engineer are of opinion that only the fourth item, namely, the annual repairs to the road from the Cheyaur river to Rajampett, at a cost of Rupees 2,220, can be fairly considered local, and transferred to Local Funds. This work accordingly has been provided for in Part II. of the Budget as Item No. 11.

10. The Collector has not sent his District Map with the Budget, though more than once requested to do so. It is, however, hoped that the Budget of 1868-69 will be accompanied by a Map prepared in the manner directed in the Board's Proceedings, dated 30th January 1867, No. 641.

11. The Abstract Estimate of Charges received with the Budget includes an item of Rupees 2,592 on account of Petty Establishment for superintending works. This amount has been disallowed for want of the requisite particulars, which the Collector is requested to furnish at an early date.
