*Proceedings of the Madras Government, Revenue Department,
31st October 1867.*

No. 598. Read the following letter from the Officiating Commissioner of Cuttack Division, to the Secretary to Government, Revenue Department, Fort St. George, dated Cuttack, 15th October 1867, No. 495:—

In continuation of my No. 472, dated 25th September, I have the honor to report that the position of affairs in Orissa and in the Madras frontier continues most favorable. Abundant rain has fallen during the past week. The District Superintendent of Police from Pooree has visited the country about Khoordah and Baupore, on your frontier, and reports the crops as magnificent. The people have apparently entirely recovered from the depression attendant on the past season's famine and distress. Rice in Khoordah and Baupore sells at from 18 to 22 Cuttack = 23½ to 28½ Calcutta seers per rupee. The supply is good. The crops are now quite safe; they will be improved by a few more showers towards the close of October.

No. 599. ORDER THEREON, 31st October 1867, No. 2,562.

Sir
In continuation of my No 472 dated 25th September I have the honor to report that the position of affairs in this and in the Madras frontier continues most favorable. A moderate rain has fallen during the past week. The District Superintendent of Police from Pondicherry has visited the country about Madurai and Bangalore on your orders and reports the crops as magnificent. The people have apparently entirely recovered from the depression attendant on the past season's famine and distress. Rice in the Madras and Bangalore sells at from 10 to 22 Cutchakka to 28 1/2 Cutchakka per masee. The supply is good. The crops are now

quite safe. They will be improved by a
few more shivers towards the close
of October.

I have the honor to be
