Proceedings of the Madras Government, Public Works Department, 23rd January 1867.

Read the following papers :—

No. 464. Proceedings of the Board of Revenue, dated 14th December 1866, No. 8,850.

Read again letter from the Collector of Ganjam, dated 19th September 1866, recorded in Board's Proceedings, 2nd October 1866, No. 7,057.

Read also the following letters :—

From the Collector of Ganjam, to the Secretary to the Board of Revenue, dated Chetterpore, 1st November 1866, No. 2,956.

In reply to the Board's Order contained in their Proceedings No. 7,507 of the 2nd ultimo, on the subject of the Boary Reservoir, I have the honor to refer the Board to Proceedings of the Madras Government, 15th March 1861, No. 526, for the date of sanction of the construction of the work, and to Government Order, 20th August 1862, No. 1,931, for the employment of a Lascar on Rupees 3-8-0 per mensem for its conservancy.

From the same Officer, dated Chetterpore, 1st Decemor 1866, No. 3,369.

1. The Supervisor, Department of Public Works, in charge of No. 3 Range, informs me that the Acting Deputy Accountant General has objected to the pay of the extra Lascar employed in anticipation of the Board's sanction to watch the Boary Reservoir, and has directed the recovery of Rupees 1-10-4, which has already been paid him from the 22nd to the 30th September last.

2. As no definite reply has been as yet received to my application of the 19th September last, No. 2, 488, I have the honor to request that the Board will, at their early convenience, sanction the appointment retrospectively, to enable me to adjust the retrenchment.

---

1. Ordered that the application be submitted for the sanction of Government, with retrospective effect from 22nd September last.

2. The additional monthly charge will be Rupees 3-8-0.

Proceedings of the Board of Revenue, dated 2nd October 1866, No. 7,057.

Read the following letter from the Collector of Ganjam, to the Secretary to the Board of Revenue, dated Chetterpore, 19th September 1866, No. 2,488.

1. The Supervisor of the Goomsoor Range reports to me that the great reservoir, constructed not long ago at Boary, and containing a vast body of water, which is of great value to the neighbourhood, was lately in great danger, two slips having occurred in the embankment during the night. He succeeded in repairing the bund, but begs me to obtain the sanction of the Board for an extra Lascar to watch there at night, the place being much infested with wild beasts, and a single man being afraid to remain there alone.

2. This is quite reasonable. I know the spot to be the occasional haunt of tigers, and bears are very numerous in the adjoining hill.

3. I have therefore, in consideration of the great importance of the work, authorized the Supervisor to entertain a Lascar at once, in anticipation of the Board's approval and sanction.

The Collector is requested to refer the Board to any previous correspondence on the subject of this work, and the establishment for watching it.

Proceedings of the Madras Government, Public Works Department, 23rd January 1867.

Transferred to the Public Works Department.

7th January 1867.

Secretary to Government.

2. The Superintending Engineer will report whether it is proposed to employ the Lascar permanently, and if so he will submit the usual Tabular Statement with a view to the sanction of the Government of India being obtained in due course.
