No. 88. Read the following letter from the Superintending Engineer, 7th Division, to the Secretary to Government, Department Public Works, dated Camp at Cannanore, 23rd October 1867, No. 118 :—

I am requested by the Collector of Coimbatore to submit, for the sanction of Government, the accompanying estimate for the construction of four groynes in the river Cauvery between Malliempolliem and Nerroor, with reference to which he instructs me to state that they are urgently required, firstly, to prevent the destruction of the Nerroor Padugay, and secondly, to protect cultivated land in that village, which is in danger of being swept away by reason of the Cauvery current having set at that point. And I have ascertained from the Superintending Engineer, 5th Division, that there is no objection to the construction of the works on account of possible damage to cultivation on the Salem side of the river. Under these circumstances, I have the honor to request permission to undertake the work without delay, trusting to save sufficient funds for this year's outlay from existing allotments, and that it may be completed in April and May 1868 from the Reserve of next year.

1. Estimate No. 24.
2. Survey.

Rupees 10,655.

No. 89. Order thereon, 5th November 1867, No. 3,424.

IRRIGATION, No. 3.

The estimate of Rupees 10,655 submitted with this letter for the construction of four groynes in the river Cauvery between Malliempolliem and Nerroor in the Coimbatore district, is sanctioned, and the Superintending Engineer is authorized to proceed with the work on the understanding that the outlay which may be incurred during the year is adjusted hereafter by transfer.
