*Proceedings of the Madras Government, Revenue Department,
11th November 1867.*

No. 180. Read the following Proceedings of the Madras Government in the
Public Works Department:—

Sanctioning estimate for a side-channel, &c., to
be taken off Cocanada canal above the Manda-
pau lock, in the Godavery District. } (Here enter 6th November 1867, No. 3,442.)

No. 181. ORDER THEREON, 11th November 1867, No. 2,661.

Irrigation, No. 4.

Communicated to the Revenue Board.

(True Extract.)

(Signed) F. H. WILKINSON,
Acting Under Secretary to Government.

To the Board of Revenue, with Proceedings Public Works Department, No. 3,442.

Exd. S. T. Augustin.

*Proceedings of the Madras Government. Public Works Department,
6th November 1867.*

No. 122. Read the following letter from the Acting Superintending Engineer,
1st Division, to the Secretary to Government, Public Works Department,
dated Camp at Dowlaishweram, 22nd October 1867, No. 164:—

- 1 Survey.
- 3 Plans.
- 1 Abstract Estimate.
- 3 Specifications.
- 1 Copy of a letter.

1. I have the honor to submit for
sanction plans and estimates as per mar-
gin, for a side-channel, with necessary
masonry works, to be taken off Cocanada
canal above Mandapaud lock.

2. The estimate has been duly countersigned by the Collector of the
Godavery, and amounts to Rupees 4,460.

• No. 628, dated 30th September 1867, to the
address of Collector, Cocanada.

3. It will be seen from the en-
closed copy of a letter* from Mr. Execu-
tive Engineer Sage, that the object of the
proposed outlay is to secure better means for irrigating about 1,200 acres of land
which is dependent on the canal, but which is too high above the water to be
irrigated by existing means, hence the necessity for the proposed works.

4. In the event of the estimate being sanctioned for execution, I shall
endeavour to provide funds for the work later in the year by transfers from other
heads.

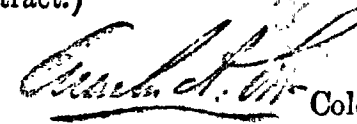

No. 123. ORDER THEREON, 6th November 1867, No. 8,442.

IRRIGATION, No. 5.

1. With this letter the Superin-
tending Engineer of the 1st Division
submits plans and estimates amounting
to Rupees 4,460 for the excavation of a side-channel, with the necessary masonry
works, to be taken off the Cocanada canal above the Mandapaud lock, and carried
for a distance of eight miles, in a direction nearly parallel to the canal, until it
reaches the Vadooropaka tank channel in the Godavery district.

2. The object of this work is to bring under irrigation twelve hundred acres
of land which are at present on too high a level to be watered by the Cocanada
canal. The Collector and Superintending Engineer are in favor of the project, and
as there is every probability of the work being amply remunerative, the Govern-
ment sanction the estimate, and will be prepared to authorize the commencement
of operations on the receipt of information that the required funds can be provided
by transfer from existing Agricultural allotments for works in the 1st Division.

(True Extract.)

Colonel, R. E.,
Secretary to Government.

To the Superintending Engineer, 1st Division, with one Survey and three Specifications.
,, Accountant General.
,, Controller of Public Works Accounts.
