No. 184. Read the following Proceedings of the Board of Revenue, dated 30th October 1867, No. 7,054.

Read the following letter from the Acting Collector of Nellore, to the Secretary to the Board of Revenue, dated 2nd October 1867, No. 950 :—

The Tahsildar's Cutcherry at Ongole has lately been removed to the new building according to the standard plan which has just been furnished. The Acting Sub-Collector proposes to hand over the old Talook Cutcherry to the District Munsiff for his Court, as the building at present appropriated to this object is very incommodious. Plans of both buildings are submitted herewith, and I beg to support the Acting Sub-Collector's proposal. The building at present occupied by the District Munsiff's Court is not required by any Department, and may be sold by auction.

Enclosures Nos. 1 and 2.—Plans.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 17th March 1868.

Read the following letter from J. A. C. BOSWELL, Esq., Acting Collector of Nellore, to the Secretary to the Board of Revenue, dated 15th January 1868, No. 131:—

In Government Order, dated 11th November 1867, No. 2,663, communicated in Board's Proceedings, dated 18th November 1867, No. 7,531, sanction was accorded to the old Talook Cutcherry at Ongole being given up to the District Munsiff for the use of his Court, and he has accordingly moved into it. I would now request instructions for the disposal of the building lately occupied by the District Munsiff's Court. There is an Anglo-Vernacular School. established at Ongole, receiving a Government grant-in-aid, and the people of the town have lately petitioned for the introduction of the Educational Act for its maintenance. The Manager of this School applied to me, requesting that they may be allowed the use of the old Court-house. The Acting Sub-Collector, to whom I referred the petition for report, considers that, as the Ongole School "is a private institution, "and kept up for the benefit of certain classes of the community only, it would be apparently "inequitable to transfer public property to it gratis." He writes, "I would propose that the materials "of the building be valued by the Department of Public Works, and that the building be disposed of by "public auction with the Department of Public Works estimate of the materials as the upset price. "The site to be sold with the Court-house should also be carefully denominated to prevent disputes, "and I propose should be sold with the building."

---

1. The sale of the building and its site in freehold by public auction is included in the Government sanction referred to by the Acting Collector.

2. The amount of the Public Works Estimate, which is to form the upset price, should be reported for the Board's approval.
