No. 1211. Valloze
Collector of Pie
20th October 1867.
From J. C. Roswell Esquire
Acting Collector of Pie
W. Audleston Esquire
Secretary to Government Revenue Depart.
Fort Saint George.

"Have the honor to acknowledge receipt
of the Government Proceedings Revenue Department dated
24th October 1867, i.e. 2505, requesting me to report
precisely what I have done in the way of making
over to the Municipal Commissioners of Valloze
certain sites for handy stands."

3. On the 13th June 1867, the Municipal
Commissioners applied to me for three sites for
handy stands. The application having been
referred to the Tahildar he reported
1. That the 1st site required consisted of 2
acres of land east of the old Travellers'
Bungalow in Amilapatta - That the land was
"frama kottam" or Village site exempt from

apportionment

~~land~~ formed part of Demarcation C. S. 231

the whole extent of which was Acres 33'18-

2. That the second piece applied for was private land and could not be granted.

3. That the 3rd site consisted of Acres 0'20 applied for

for a new traveller's bungalow in Station. That

the land was "shahaminha" or land exempted

from ^{apportionment} ~~land~~ for public purposes. (In this case

it was to be inferred, that it was also village site.)

That it formed part of Demarcation C. S. 1568.

the whole extent of which was Acres 12'12-

4. I thereupon directed the Executive to transfer the first & third sites to the Municipal Commissioners for hands & stands & informed them that the second site was not available.

5. The Government in their Proceedings dated 10th April 1867, & S. 829, directed that it was not to alienate waste lands to Municipalities without sanction, but I would submit that these pieces of land were not Government waste, but portions of lands already

for village site & public purposes.

It was to consist either of land been reserved or might be reserved, either were expressly excluded from

land assigned for a particular

site in harmony with the use to

It was solely with reference to
