No. 357. Read the following Proceedings of the Board of Revenue, dated 31st October 1867, No. 7,093.

Read the following letter from the Collector of Tinnevelly, to the Secretary to the Board of Revenue, dated 17th August 1867, No. 437:—

1. I have the honor to forward, herewith, estimates for certain Salt works* sanctioned in the Board's Proceedings, No. 1,206, dated 27th February 1867.

* Items Nos. 138, 142, 146, 148, 149, 152, 154, and 157.

2. I have omitted estimates for a platform Cutcherry at Vaipar, watch towers at six salt pans, and channels for bringing sea-water to evaporating beds at two salt pans, as the first is not urgently needed, and the Inspector General of Police agrees with me that watch towers are unnecessary, if the arrangements sanctioned by the Board in their Proceedings, No. 3,531, dated 10th June 1867, are carried out; the channels and evaporating pans† can be cut at any time by the Deputy Collector cheaper than by the Department of Public Works; the bridge across the channel south of the Koilpatam pans is not needed now that the treasury is transferred to the platform Cutcherry, and the new platform at Tuticorin is not so urgently required as the extension of the platform at Koilpatam.

Items Nos. 134, 135, 139, 143, 147, 135, 137, and 145.

† Nos. 136, 140, 144, and 151.

Item No. 150.

Item No. 141.

ENCLOSURES Nos. 1 to 6.—Estimates.

ENCLOSURES Nos. 7 to 9.—Plans.

1. Resolved that the estimates, received with the foregoing letter, be submitted for the sanction of Government.

2. In the revised list of Salt works, sanctioned by Government in their Proceedings, dated 20th September 1867, No. 2,204, these works are entered, but the provision made for No. 181 is less than the estimate by Rupees 260. The excess should be incurred by the Collector from the provision for the works of less importance which he proposes to postpone in paragraph 2 of his letter.
