The Yeomiahdar, Syed Hyder, was in the enjoyment of an annual allowance of Rupees 120, under the sanction of Government, dated 22nd February 1854, communicated with Extract from the Proceedings of the Board of Revenue, dated 27th March 1854, and died unmarried on the 10th August 1866. |
| 2.  | The Tahsildar of Arcot reports that Ghouse Beebee, an unmarried Goshia female and sister of the deceased, is the only heiress at present alive, and that she has, through a Naib, been properly performing the service connected with the Asar in question from the date of the demise of her brother. There has been a delay of ten months in the talook, which the Tahsildar does not satisfactorily explain. |                                                                                                                |                                                                               |                                                                                                                |                                                                    |                                                                                                                                  |                                                                                                                                                                                                                                                                                                  |
| 3.  | Under these circumstances, the Collector recommends that this allowance may be confirmed in the name of Ghouse Beebee, and solicits sanction for payment to her of the arrears, amounting to Rupees 120, from 1st July 1866 to 30th June 1867.                                                                                                                                                                  |                                                                                                                |                                                                               |                                                                                                                |                                                                    |                                                                                                                                  |                                                                                                                                                                                                                                                                                                  |
