Proceedings of the Madras Government, Public Department, 27th November 1867.

No. 193. Read the following letter from the President of the Municipal Commissions, North Arcot, to the Chief Secretary to Government, Fort Saint George; dated Chittoor, 6th November 1867, No. 74.

Adverting to paragraph 2 of the Proceedings of the Madras Government, Public Department, dated 13th May last, No. 543, I have the honor to submit transcript of some correspondence* that has passed between myself and the Vice-President of the Vellore Municipal Commission, regarding a plot of ground situated to the east of the Fort and north of the old Cemetery at Vellore, with a request that you will be so good as to obtain the sanction of Government to the appropriation of the site marked in the accompanying sketch for the purposes of constructing a market place and public privy.

* From Vice-President, Municipal Commission, dated 3rd October 1867, No. 93.
To Vice-President, Municipal Commission, dated 10th October 1867, No. 269.
From Vice-President, Municipal Commission, dated 2nd November 1867, No. 104.

From the Vice-President, to the President, Municipal Commission, Vellore; dated Vellore, 3rd October 1867, No. 93.

With reference to Proceedings of Government, Public Department, 13th May 1867, No. 85, and Order thereon, No. 543, paragraph 2, I have the honor to forward a plan of the survey of a plot of ground situated to the east of the Fort and north of the old Cemetery, fixed by the Municipal Commissioners, at a Meeting held on the 11th ultimo, as a site on which to build latrines, market, &c.

2. The ground referred to is waste land, and I have the honor to request you will be good enough to obtain the sanction of Government for the transfer thereof to the Municipality.

From the President, to the Vice-President, Municipal Commission, Vellore; dated Chittoor, 10th October 1867, No. 269.

In returning the sketch which accompanied your letter of the 3rd instant, No. 93, I have the honor to observe that it is not sufficiently particular in its present form to be presented to Government for their consideration and orders. The sketch, you will observe, comprises four plots, but does not show how many of these it is proposed to appropriate for the purposes stated in the application. Then, it would, I think, be necessary to mark in the sketch the spots where the market and latrines are to be built. It is presumed these structures are not to be placed in close proximity. I should also desire to know whether plans of both have been prepared.

From the Vice-President, to the President, Municipal Commission, Vellore; dated Vellore, 2nd November 1867, No. 104.

In reply to your letter, dated 10th ultimo, No. 269, I have the honor to return to you the plan therewith sent, with the spots marked where the market and latrines are intended to be built, and beg to state that no plans of the proposed buildings have as yet been made.

2. It has been resolved by the Commissioners, at a Meeting held on the 19th ultimo, that, when submitting the plan to Government, the whole of the ground to the east of the main road from the burial ground to the Bangalore road, and west of the line of Mundies, be applied for.

3. These boundaries are marked in the plan with red pencil.

4. The form and dimensions of the market place have not as yet been determined. After due consideration on this head, a plan will be prepared and sent to you.
