*Proceedings of the Madras Government, Revenue Department,
11th December 1867.*

Read the following letters :—

No. 212. From the Honorary Secretary, Government Farm, to the Secretary to Government, Revenue Department, Fort St. George, dated Madras, 2nd December 1867, No. 260.

1. I have the honor to request you will be good enough to lay before His Excellency the Governor in Council the request herein made by the Committee of the Government Farm.

2. The intention of the Committee to build, with the least practicable delay, a shed to contain the engine belonging to the steam plough, and work with it

* Honorary Secretary, to Board, No. 204, September 1867, paragraph 7, entered in G. O., Revenue Department, October 25th, 1867, No. 2,510.

Honorary Secretary, to, Secretary to Government, Revenue Department, September 17th, 1867, No. 209, paragraph 4.

the bone-crushing machine, the rice-hulling machine, and a very powerful pump, which last is now in course of manufacture at the Mint, has already been intimated to Government in the letters* marginally noted, and also in the Annual Report for 1866-67, paragraph 20.

3. The shed has been commenced, but the Committee find they will be unable to meet the cost thereof and of the pump, from the funds remaining at their disposal for this year.

4. They have had two heavy calls on their income already. Firstly, the expense of bringing out the new Superintendent, and his pay from date of leaving England, until he took sole charge of the farm, amounting to Rupees 900-2-0; secondly, the cost of a shed, which they have been compelled to erect to contain the expensive and valuable machinery sent to the farm by Government and the Board of Revenue, of which some has been kept in temporary sheds, and some outside exposed to sun, rain, &c. This shed has cost about Rupees 1,450.

5. The engine-house and new pump will probably cost, when finished, about Rupees 4,000, and I am therefore desired to request that the Government will be good enough to place that sum at the disposal of the Committee.

Referred to the Accountant General for report whether the required sum of Rupees 4,000 can be given from anticipated savings under the Budget head of "Education, Science, and Art," which includes the provision for charges incurred on account of the Government Farm at Sydapet.

(Signed) W. HUDLESTON,

Secretary to Government.

3rd December 1867.

No. 213. From the Accountant General to the Government of Madras, to the Secretary to Government, Revenue Department, dated Fort St. George, 7th December 1867, No. 290.

With reference to the accompanying letter from the Honorary Secretary, Government Farm, No. 260, dated the 2nd instant, referred for my report under

Proceedings of the Madras Government, Revenue Department,
11th December 1867.

your docket of the 3rd idem, I have the honor to state that the proposed charge of Rupees 4,000, on account of an engine-house and a new pump, can be met from savings in the Budget grant for the current year under "21 Education, Science, and Art."

No. 214. ORDER THEREON, 11th December 1867, No. 2,955.

Miscellaneous.

The Government authorize the Government Farm Committee to incur charges not exceeding Rupees 4,000, for the construction of an engine-house and powerful pump, as proposed in their Honorary Secretary's letter.

(True Extract.)

(Signed) W. HUDLESTON,
Secretary to Government.
