*Proceedings of the Madras Government, Revenue Department,
17th December 1867.*

No. 308. Read the following Proceedings of the Board of Revenue, dated 11th December 1867.

Read the following letter from the Collector of South Arcot, to the Secretary to the Board of Revenue, dated Cuddalore, 7th December 1867, No. 317 :—

1. In reply to the Board's Proceedings, dated 22nd and 29th November 1867, Nos. 7,620 and 7,788, respectively, I have the honor to state that the wet crops in Chellumbram talook, and those depending on river and spring-channels elsewhere in the districts, are in good condition, and will no doubt yield a fair return, even if the rain should fail hereafter. But similar crops, depending on rain and rain-fed tanks have of late been suffering, but the recent showers and cloudy weather has again revived the crops, which, at all events, will give a tolerable yield if the present rains only continue; but I apprehend that the supply to tanks in the western part of the district will be very deficient, unless the rain comes immediately and in abundance, otherwise the loss will be considerable.

2. The Poonjah crops that were suffering from want of rain are now looking very promising and healthy, but the cumboo failed entirely in most parts, owing to the failure of rain at the proper time.

3. I am of opinion that there is no necessity for weekly telegrams from this district.

1. Submitted for the information of Government.

2. The Board request that Mr. Reade will report again in course of a week or ten days on the prospects of the season in his district, with especial reference to the Western Talooks, to which he refers in paragraph 1 of his letter.

No. 309. ORDER THEREON, 17th December 1867, No. 3,000.

Miscellaneous.

Ordered to be recorded.
