*Proceedings of the Madras Government, Revenue Department,
19th December 1867.*

No. 362. Read the following Proceedings of the Madras Government in the
Marine Department:—

Passing orders on papers relating to the allot-
ment from the General Port Fund to the
various ports, and the construction of the pro-
posed roads at Munsoorcottah and Calinga-
patam. } (Here enter 13th December 1867, No. 311.)

No. 363. ORDER THEREON, 19th December 1867, No. 3,024.

Miscellaneous.

1. Communicated to the Revenue
Board.

2. With reference to the ground
assigned by the Acting Superintending Engineer, 1st Division, in paragraph 2 of
his letter of 31st October 1867, to the Collector of Ganjam, for striking out of an
estimate the cost of superintendence, it is observed that a special allowance for this
purpose will have to be made from the Port Fund; no portion of the cost of execut-
ing works from the Port Funds being debitable to the ten per cent. allowance for
superintendence by Officers of the Department Public Works made from the District
Road Fund.

(True Extract.)

*Proceedings of the Madras Government, Marine Department,
13th December 1867.*

Read the following papers :—

No. 19. From J. J. FRANKLIN, Esq., Superintendent of Marine, to the Chief Secretary to Government, Fort Saint George ; dated Madras, 13th November 1867, No. 3672.

I have the honor to submit the accompanying estimate, with sketch of the locality, for constructing a road at the Port of Munsoorcottah, or, as it is now more frequently called, Gopaulpore, and to recommend its sanction.

Rupees 1472.

2. It will be seen that the road is to be carried between two lines of warehouses, and as it will be expressly for the advantage of the shipping and mercantile community, I consider that the outlay may legitimately form a charge on the Port Fund, which had to its credit, on the 30th September, Rupees 4956.

No. 20. From J. J. FRANKLIN, Esq., Superintendent of Marine, to the Chief Secretary to Government, Fort Saint George ; dated Madras, 18th November 1867, No. 3721.

I have the honor, in compliance with the Order of Government of the 11th instant, No. 278, to submit the accompanying statement, showing the amount to the credit of each Port Fund up to the 30th September last, and the sums that will probably be required for expenditure at each from those funds up to the 31st March next.

2. As full plans of the Cocanada improvements have not yet reached me, and as I am yet unable to judge whether their estimated cost, which now amounts to about 45,000 Rupees, or what portion thereof, should form a debit on the Port Fund, I would solicit that orders for the allotment of funds be withheld until I am furnished with the plans, which have been applied for to the Public Works Department.

*Proceedings of the Madras Government, Marine Department,
13th December 1867.*

STATEMENT of amount to the credit of Port Funds, with probable sums to be allotted to each up to 31st March 1868.

MADRAS, MARINE SUPDT.'S OFFICE,
18th November 1867.

(Signed) J. J. FRANKLIN,
Supdt. of Marine.

No. 21. From J. J. FRANKLIN, Esq., Superintendent of Marine, to the Chief Secretary to Government, Fort Saint George; dated Madras, 21st November 1867; No. 3770.

I have the honor to forward and recommend for sanction the accompanying estimate, for constructing a road at the Port of Calingapatam, the cost being defrayed from the general Port Fund.

Rupees 1715.

*Proceedings of the Madras Government, Marine Department,
13th December 1867*

2. The amount to the credit of the Calingapatam Port Fund was, on the 30th September last, Rupees 2320-7-8, and as the expenditure on the port has been very trifling for some time past, there appears to be no objection to the whole outlay being defrayed by the Fund.

3. The letter from the Superintending Engineer of the Division, which accompanied the estimate, is likewise submitted.

From the Acting Superintending Engineer, 1st Division, to the Collector of Ganjam; dated Dowlaishweram, 31st October 1867, No. 212.

With reference to your communication, No. 3207, of 18th instant, forwarding, for my approval, plans and estimates for making a road from Calingapatam road to the godowns of Messrs. Arbuthnot & Co., I have the honor to return the same with my countersignature.

ENCLOSURES 3.
1. Survey.
2. Plan of masonry works.
3. Estimate.

2. The amount of estimate has been reduced from Rupees 1798 to Rupees 1715; this reduction is effected by the provision made for petty establishment being disallowed, as under the existing rules the pay of Maistries, &c., should not be charged to work, but will be adjusted from the sum reserved on the Local Fund expenditure for superintendence.

3. The work requires the sanction of Government before it can be put in hand, and the necessary funds will have to be provided from the Rupees 2500 which is stated to be the available balance of the Port Fund of Calingapatam.

No. 3368.

Copy to the Superintendent of Marine, in continuation of the letter from this office, dated the 24th October, ultimo, No. 3293.

(Signed) D. F. CARMICHAEL,
Collector of Ganjam.

BERHAMPORE, 8th November 1867.

ORDER THEREON, 13th December 1867, No. 311.

No. 22. In August last, the Government called upon the Superintendent of Marine to state approximately what was the allotment from the General Port Fund which he would propose to make to the various ports, including the project for the improvement of the Cocanada Harbour.

2. Mr. Franklin now submits a statement showing the amount at credit of each Port Fund up to the 30th September 1867, aggregating Rupees 1,93,188-12-4, and the allotment to be made, from that date to the 31st March 1868, to meet the requirements of each port, exclusive, however, of that for the improvement of the harbour at Cocanada: the want of the plans, for which he has applied, prevents the Superintendent of Marine stating whether the whole cost of this work, as estimated by the Public Works Department, or a portion of the cost, should be debited to the Port Fund.

3. In reviewing this statement, the Government consider that the allotments proposed for "new works and repairs" are, in some cases, insufficient.

4. The provision, viz., Rupees 1500, for Munsoorcottah would seem to be too small, Rupees 1472 of that sum being required for constructing a road at that port, unless the Superintendent of Marine considers that no other expenditure of any kind is required at this harbour.

5. The same remark applies to Calingapatam, where the allotment is only Rupees 1800, and road-work is estimated at Rupees 1715.

6. The Government have recently sanctioned Rupees 10,000 for completing the repair of the Pier, thus absorbing the entire sum allotted for Madras. It will, therefore, be necessary probably to add considerably to this allotment.

7. With reference to the foregoing remarks and to the large amount at credit of the General Port Fund, the Superintendent of Marine will revise the allotment he has proposed for the ports

Proceedings of the Madras Government, Marine Department,
13th December 1867.

above named, as well as that for any others that may occur to him as at present insufficiently provided.

8. The Government will await a special report from the Superintendent of Marine in respect of the Cocanada harbour works, when the amount to be allotted can be determined.

9. The construction of the roads proposed at Munsoorcottah and Calingapatam at the estimated outlay is sanctioned.
