*Proceedings of the Madras Government, Revenue Department,
8th February 1867.*

No. 95. Read the following Proceedings of the Board of Revenue, dated 29th January 1867.

Read the following:—

Season Report for the fortnight ending 15th January 1867.

1. Fever prevails in eight talooks, and a few deaths have resulted therefrom. The district is free from cholera. Cattle are healthy, except in the Talook of Tadpatry, where a few cases of the Mosara disease have occurred.

2. There has been no rain during the past fortnight, except a slight drizzle on the 12th at Penkonda; but the cloudy weather and the cold winds that prevailed during the latter part of the fortnight are reported to have injured the crops at Moka and other places, in the Talook of Bellary. Pasture is very abundant.

3. The white or later cholum crops are stated to be blighted in some places, and fading in others. In some villages in the Bellary Talook they are reported to be completely withered, so that the straw is being sold. The corra, cumboo, and other crops are also said to be fading in some of the villages of the Bellary and Raidrug Talooks, but the later dry crops are flourishing. All the early dry crops have been reaped. The Vysak or later wet crop has been planted under channels, wells, and tanks. Cotton is being exported to Koomptee and other places.

4. The severity of the distress has been very much alleviated by the late harvest. Famine works are, however, still in hand, and Relief Houses are still open. Supplies are being brought in from Bangalore, Cuddapah, and Kurnool.

BELLARY,
3rd January 1867.

(Signed) W. S. LILLY,
Head Asst. Collr., for Collector.

Submitted for the information of Government.

No. 96. ORDER THEREON, 8th February 1867, No. 334.
