From

H. Moberly Esquire,
Acting Collector,
Tanjore,

To

The Secretary to the Commissioners
of Land Revenue,
Madras

Sir,

I have the honour to submit the following question for the orders of the Board.

2. Under the old rules for the grant of house-sites in the Tanjore District contained in the Collector's circular order No 5 dated January 25, 1862, house-sites have been granted to ryots at the rate of 40 Gulis to a ryot holding one veli or less excluding the land occupied by his house and at the rate of 40 Gulis per Veli to those holding more than a veli. The sights are registered in the Paimash accounts

1896
REVENUE
Enclosure No. X
Curre... 302

accounts in the names of the original grantees, and there appears to be no other record evidencing the grant. They have, however been long in the enjoyment of the grantees or their heirs, who have exercised rights of ownership in them, by way of exchange, gift, sale &c. But it does not appear that the grant was burdened with the condition that the sites shall revert to Government in the event of the grantee failing to build upon them within a specified time.

3. The question for decision is whether sites thus granted can be taken possession of by Government when they are not used for the purpose for which they were intended. The practice in the District has been to recognize the possession of the registered holders, and to charge Swoy jama assessment

whenever

whenever they are cultivated. But when vacant house-sites, which are likely to be required for building purposes, are cultivated, prohibitory assessment is imposed.

4. My own opinion is that the Government is at liberty to interfere with the possession of holders, who misuse the sites and to keep them available for grant to those who are in need of houses. I would suggest the issue of a general notice to owners of vacant house-sites calling on them to build houses on them within a specified time – say six months, and warning them that in default, the sites will revert to Government. There the house-sites lie outside the village natham and are not required for building houses, they may be transferred to assessed and assigned under the rules, preference being given to the registered holders.

holders. I am told that Mr. Stokes held the same view, but as the point is not free from doubt, I request an authoritative ruling on the point.

I have the honor to be
Sir
your most obedient servant

Resolution.

The Collector will be referred to Board's Proceedings 188 dated 29th May 1896, which was recently issued on the subject of the occupation and ~~grant~~ grant of house-sites.

2. The Board considers it unnecessary to give a general notice, as proposed by the Collector, to all owners of vacant

vacant house-sites to build on them within six months on pain of losing their allotment altogether. In the case of such sites, it will be sufficient to maintain the District practice described in para 3 of the Collector's letter viz to charge single (Sevoy jama) assessment on cultivated village-site so long as it is not wanted for building purposes and to impose a prohibitory charge as soon as it is required for such purposes.

Proceedings of the Board of Revenue

(Revenue Settlement, Land Records and Agriculture.)

Dated 28th September 1896.

No. 4691 misc.

READ the following letter from the Collector of Tanjore, dated 4th September 1896, Reference on Current No. 3484/Rev of 1895:—

Copy attached

In reply to Board's Proceedings No. 2837 Mis dated 10th June 1896, I have the honor to refer the Board to this office Reference on Current No. 576/Rev of 1896 dated 3rd June to the Land Revenue Department and to the Board's Order thereon in Board's Proceedings No. 3071 Mis dated 6th July 1896. The practice regarding the treatment of House-sites in this District is described in in para 3 of the Reference quoted. House-sites, when cultivated, are charged single assessment under Sevoy Jamma, when not required for building purposes and penal rates, when they are so required. In no case have vacant House-sites been charged merely because they were kept vacant.

2. Board's Reference No. 6400 Mis. dated 22nd November 1895 and Board's Proceedings No. 377 dated 23rd November 1895 relate to the treatment of House-sites outside the village site. Regarding these, I shall address the Board of Revenue on receipt of complete information from the Divisional Officers.

Resolution.

I Submitted to Government with reference to para 2 of Government Order No. 1958 Mis. dated 19th May last, and with copies of Reference No. 576/Ver. dated 3rd June 1896 and Board's Proceedings No. 3071 Land Revenue dated 6th July 1896 referred to in para 1 of the Collector's letter read above.

2. The practice in the district regarding house-sites is described, in para 3 of the Collector's letter No. $\frac{576}{Ver}$ dated 23rd June 96, to be "to recognize the possession of the registered holder and to charge Sevoy Jamma assessment whenever they are cultivated. But when vacant house-sites, which are likely to be required for building purposes are cultivated, prohibitory assessment is imposed". The Collector states in the letter read above that "in no case have vacant house-sites been charged merely because they were kept vacant."

3 Referring to para 2 of his letter, the Collector is requested to expedite

In reply, I am to say that Mr. Anderson, the Specialist attached to the Geological Survey, has resigned his appointment and that it will take some little time to arrange for the appointment of a successor. But the delay will apparently be of some advantage since it will allow Mr. Middlemiss to make further inquiries into the mineral resources of the Madras Presidency. I AM directed to acknowledge the receipt of your letter No. 1338, dated 8th July 1896, and in reply to say that the Government of India sanction the alterations proposed by you in the programme for the disposition of Geological Survey Officers for the field season 1896-97, which had been provisionally approved in my letter× No. $\frac{2751}{72-4}$, dated 25th September 1895.

2. The importance to the Assam-Bengal Railway of explorations for coal in the Dimapur Valley has been brought to the notice of the Government of India and they are inclined to think that a systematic survey of Assam should be taken up in 1897-98. I am therefore to request that you will favour the Government of India with your opinion upon this proposal and report if it involves any extra expenditure.

3. In the meantime the Government of India agree to the deputation of Mr. Smith to Assam next cold weather in advance of a regular party which may be sent to that province in 1897-98. It is left to your discretion to decide whether Mr. Smith should prospect generally in Assam in preparation for that party, or whether he should take up the exploration for coal in the Dimapur Valley during the ensuing season.

4. The revised disposition of officers during the field season of 1896-97, will therefore be as follows :—

Mr. La Touche and Mr Datta	... Central India and Rajputana.
Mr. Vredenburg ...	... Bengal, North-Western Provinces and Central India.
Mr. Holland and Lala Kishen Singh	... Baluchistan.
Mr. Middlemiss ...	... Madras.
Mr. Grimes	... Burma.
Mr Smith	... Assam.
Lala Hira Lal	... Bengal.
Mr. Hayden	... Laboratory at Head-quarters, Calcutta.

Mr. Holland may as proposed by you be allowed to remain at Calcutta till January next and should then proceed to Baluchistan.

5. I am to add with reference to your letter No. 1848, dated 18th August 1896, that the Government of India have no objection to the employment of Mr. Hayden during the present recess in completing the survey of the Simla and Mahasu range.

I have the honour to request that sanction may be accorded to the following alterations in the sanctioned programme of work for the season 1896-97.

1. Mr. Datta to Rajputana, and Mr. Vredenburg to Bengal and North-West Provinces, in addition to Central India, to which they are respectively posted. This change is a mere verbal one and does not involve any change of policy. I know that Mr. Griesbach meant the words Central India to have more than their strictly administrative meaning and to include the large unsurveyed area which extends into Rajputana and part of the Bombay Presidency. That part which lies within the Central India Agency is nearly finished and I propose during the next season to start the survey in Rajputana. With regard to Mr. Vredenburg, he will finish the survey of Rewah of which only a small amount remains to be done, but for the satisfactory elucidation of the geology, and for completeness sake, it will be advisable for him to extend the survey beyond the Rewah frontiers into parts of Sirguja and the Mirzapore district.

2. Mr. LaTouche to Central India and Rajputana and Mr. Grimes to Burma. The disposition at present sanctioned is the reverse of this, but it is not at present possible, nor have we the required officers available to undertake organised work by parties in Burma, while this method of work is practicable and advantageous in Rajputana and Central India. It would consequently be preferable that Mr. LaTouche who is of sufficient standing to take charge of a party should go to the district where this could be made available and Mr. Grimes who has not that standing to the province where only individual work can yet be undertaken.

3. Mr. Hayden to head-quarters, *vice* Mr. Holland who is to go to Baluchistan. It is necessary to have an officer at head-quarters to take charge not only of the museum and collections but also of current work during the Director's absence on tour, and while regretting the necessity of taking Mr. Hayden off field work, I find that he is the one, among those whom I can recommend as fit to be trusted with the work required, whose transfer from field work will lead to least interference with the sanctioned programme and be least injurious to the ultimate progress of the survey.

File No. 52 of 1896, Serial No. 2.

File No. 23, Serial No. 9.

4. Mr. Holland, whose transfer to Baluchistan has been decided on, could not leave Calcutta till towards the end of October, and in the region where he is to be employed would have to cease camping from about the end of December, till March. As is it important that he should personally superintend the transfer of the laboratory to the new building and as I will require assistance if the transfer of the office library and working collections, which cannot be commenced till October owing to unpreparedness of the new building, is to be expeditiously carried out I would request that he may be allowed to remain at head-quarters till January when he might start for Baluchistan, and, after making himself acquainted with the rocks as developed in the low ground already surveyed, be prepared to commence work on the unsurveyed area at a greater elevation as soon as the spring season opens enough to make it accessible.

No. 1848, dated Calcutta, the 18th August 1896.

Serial No. 2.

From—R. D. OLDHAM, Esq., A. R. S. M., F. G. S., Officiating Director, Geological Survey of India,

To—The Secretary to the Government of India, Department of Revenue and Agriculture.

I have the honour to inform you that, in accordance with that part of the sanctioned programme which provides for the continuation of survey work in the Himalayas by such members of the survey as can be spared from head-quarters during the recess, I am despatching Mr. Hayden to complete the survey of the Simla and Mahasu range.

1-10-96

Budget of the Revenue Secretariat.

1896-1897

Revised Estimate as compared with the Budget Estima

The Revised Estimates have been prepared taking

(1) the actuals of the firs four months as shown in the Accountant-General's books;

(2) the actuals of the next two months as shown in the office accounts. (The Acct.-Genl. figures for this period are no available yet.);

and

(3) the Budget figures for the remaining 6 months.

The variations between the Revised & Budget Estimates for 1896-97 are explained below:—

Secretary's Salary. (– Rs. 1457).

The decrease due to the fac that the permanent Secretary having gone on furlough in the middle of March, the Salary due to him for that month has not been drawn in India.

Under

Under Secretary's Salary. (– Rs. 845)

The decrease due to the fact that the present incumbent being only an acting Officer draws about Rs. 140 less every month than the full pay of the appointment.

Vide Appendix B

Officer on Special Duty. (+ Rs. 9326)

The increase due to the fact that the Special duty has continued beyond the period originally estimated.

Do. ——— C

Exchange Compensation allowance. (– Rs. 184 ~~182~~)

The decrease due to a fall in the rate.

Do. ——— D

×**Registrar. (– Rs. 660).** The decrease due to the present incumbent drawing less than the full pay of the appointment, being only an acting Officer.

× Do. ——— E

Note
It is a question, however, whether the ~~the~~ Budget Estimate under this head may not be retained, so that if eventually an additional assistant is sanctioned for the office, his salary for the rest of the current year may be met from savings under this head; there will then be no need for any appn to the Financial Dept for addl funds.

C.R.

I would not retain it.
D

Clerks drawing less than Rs. 50 each. (+ Rs. 349)

Do. ——— F

The increase due to Privilege leave arrangements.

? Investigate
L

Temporary

Vide Appendix F

Temporary Establishment.

+ Rs. 237. Increase due to the appointment of a Temporary Clerk & 2 peons for the Special Officer.

Contingencies

In the Budget Estimate for 1896-97, the following amounts were provided:—

(Vide G.O. No. 835 Finl. of 23-10-1895)

(1) Purchase & repair of furniture	Rs. 500
(2) Articles other than books costing less than Rs. 5 each	Rs. 100
Total	Rs. 600

The headings have since been slightly altered and the above sum has been distributed as shown below:—

Deleted

?

	Rs.
(1) Purchase of European & Country articles	200
(2) Record racks, boards &c	300
(3) Rattan mats & blinds	100
Total Rs.	600

? ⊣

The actuals for 1895-96 under item (1) were high, because 2 bicycles were purchased in that year.

Purchase of books. In the

Budget

2nd. 1

Budget for the year Rs. 10 were provided for books costing less than Re 1 each and Rs. 100 for books costing Re 1 and more each. There is now only one heading "Purchase of books" and it is thought that a sum of Rs. 100 is sufficient, as the actuals up till now amount only Rs. 30/.

Liveries and Clothing of Servants

In the Budget & Revised estimates for 1895-96 a sum of Rs. 220 was provided under this head but no expenditure was actually incurred. In the Budget for 1896-97 on the other hand no provision was made, but an expenditure of Rs. 125 has been incurred. This is shown in the Revised Estimate.

Hot & Cold weather Charges.

The Budget provision was Rs. 200, but it is proposed to reduce this to Rs. 175 in the Revised Estimates, as the actuals for the past three years average only about Rs. 146.

In

In G.O. No. 855 Rev.,

23-10-95, the following prov

was made:—

Rs. 20 for "paste"

& Rs. 214 for "cooly &c."

The headings now adop

being different, the amoun

have been redistributed

shewn below:—

(1). Packing charges – inclu

boxes sent to the Secreta

of State —— Rs. 10

(2) Petty carriage &

cooly charges —— Rs. 3

(3) Office expenses —— Rs. 10

Total 23

Lighting Charges. The pro

vision made in the Budge

namely Rs. 250, is allowed to

stand, as the office is badly

in need of good lights and the

substitution of kerosine oil

lamps in the place of

candle lights now in use

will probably effect a saving

under the head of lighting

charges. On the return of the

office to Madras it is pro-

posed to get some lamps

from Orr & Sons or Spencer & Co.

Budget

ge Estimate
for 1897-98.

Under the headings
(1) Salaries
(2) Establishment
(3) Temporary Establishment
& (4) Allowances,
the figures adopted are those of the Budget for the Current year. The only variations which occur are under the Sub-heads
(1) Officer on Special duty, &
(2) Exchange Compensation allowance.

As so far as it is ~~not~~ known at present ~~[illegible]~~ there will be no ~~any~~ officer on Special duty next year, no provision is made under this sub-head.

In regard to the other sub-head, there is a decrease of Rs 2069- as compared with the Budget Estimate of the current year. The decrease chiefly due to the non-provision on account of any Special Officer.

Contingencies

Note
I beg to suggest that a sum of Rs 3000 be provided in the Budget for the next year on account of an additional assistant. If no assistant be actually entertained, there will be no harm as the provision will simply lapse. But if no provision be made now & the appointment of an asst. be found to be necessary, there may be difficulty about funds.

Including this provision the total Budget Estimate of 1897-98 will be only be Rs 1,03,300 against Rs 1,09,600 of 1896-97 and Rs 103,950 of 1895-96

23/9/96.

Secy.
The U.S. won't be doing Legve next year & I don't suppose an assistt. will be entertained.

May be omitted.
2/10/96.

Vide Appendix G for details.

It is not unlikely that Mr. R's deputation will go on beyond April next. If he have the bills entrusted to him ready by that time they can not be considered in the next Legislative Session. If he be permitted to revert next April to his permanent appt. he will have to be again deputed on special duty while the bills are being passed in the 97-98 Session thro' the Council. Hence it seems the safer course to provide for at least six months deputation for him.
2/10/96.

G O No. 26 dated 13 Jany 1894 (Public)

Under instructions given by Secy on 2.10.96 from the U.S. provision has been made for the whole of next official year.
2/10/96

Do

I presume the figures have been carefully checked if so there may issue. Let them be checked again in the proof.
3.10.96

Checked by the cash keeper ([illegible])

Contingencies

Variations occur only und the following Sub-heads:

(1) Liveries & clothing of Servan
two suits are supplied to eac dress peon once in two years and the last supply was made i 1895-96, though the charge wa paid only in the current year. Hence provision is made in the Budget for the next yea

(2) Peons' Belts & Badges.
The rule about these articles is that they are to be renewed when rendered unserviceable by fair wear and tear. Belts were last supplied in 1892-93 at a cost of Rs 146. It is proposed to renew them next year and provision of Rs 150 accordingly made in the Budget of that year.

(3). Record racks, Boards &c
The provision under this head has been increased by Rs 200, as new record racks are required for the Ooty Office, the present ones being shaky and insufficient.

Hob

ge estimate

other Cold weather charges.

The Revised Estimate for the current year which is less than the Budget Estimate by Rs 25, has been repeated for the Budget of the next year.

(5) Lighting charges. If new lights be purchased this year as provided for there will be no need for any expenditure on account of lights. The sum of Rs 100 provided will do for lighting charges, i.e, kerosine oil, candles &c against Rs 250 provided in the Budget for the current year.

Surgeon-Captain R. Robertson

WE do hereby certify that according to the best of our professional judgment, after a careful personal examination of the case, we consider the health of W. H. Thornhill of the Madras Revenue ~~service~~ Survey to be such as to render leave of absence to Europe for a period of six months absolutely necessary for his recovery.

INSTRUCTIONS.

With the cognizance of the head of his office, or if he is himself the head of the office, of the head of his department: the applicant must present himself with 3 copies of the statement of his case in a cover sealed by his medical attendant at the seat of the Government under which he is serving, or at such other place as may be appointed by that Government where a committee of medical officers can be assembled under the orders of the Surgeon-General. The board should see that the applicant fulfils these conditions.

Before deciding whether to grant or refuse the certificate the medical board may in a doubtful case, detain an applicant under professional observation during a period not exceeding fourteen days.

If it can be avoided, the medical attendant on a case should not be a member of the board which considers it, and under no circumstances can he sit as president. He should, however be required to attend the board to furnish any information whenever his presence is considered necessary.

The medical board, after a careful examination of the officer, and consideration of the medical attendant's statement of the case, will record in the proceedings as follows :—

(a) Whether change of climate *in* or *out of India* is necessary.

(b) The period of absence recommended in or out of India, care being taken that leave in excess of the period to which the sick officer is entitled by regulations is not recommended.

(c) In the case of an officer requiring furlo' or leave of absence owing to illness caused directly by intemperance, the medical board, whilst recording their opinion, will confine their recommendation to the officer appearing periodically before fresh boards, or to the treatment of the case as one of discipline, whichever may be deemed necessary.

In urgent cases when a medical board considers it absolutely necessary that an officer recommended for change of air, *either in or out of India*, should proceed in anticipation of sanction, a recommendation to that effect should be made in the proceedings.

NOTIFICATION.

With reference to notification, No. 188, dated 11th October 1883, published under section 25 of the Forest Act (V of 1882) at page 721 of the *Fort St. George Gazette* of the 13th November 1883, declaring the Kodaikánal *Eucalyptus* (or Post Office) plantation forest to be a reserved forest, His Excellency the Governor in Council is pleased to direct that the following description of the boundaries of the said forest be substituted for the description contained in the said notification :—

North.—From the junction of roads by the Post Office, the south side of the road that runs in a north-easterly direction to its junction with the ghât road to Pambar House.

East.—Thence the west side of the latter road, south-south-west for about 230 yards to where it branches just below Jaffna House and on south-south-westwards crossing the branch to the Post Office for about 150 yards to another branch to the Post Office, and then the west side of this latter road for about 115 yards to the corner near the agraharam.

South.—Then westwards towards the Post Office, the north side of the same road, crossing the first mentioned branch which joins it again at about 100 yards for about 193 yards to where it turns to the north-west at the cistern.

West.—From this corner the same side of the road for about 120 yards to the starting point.

PROCEEDINGS OF THE BOARD OF REVENUE

(Land Revenue).

Read—again Proceedings of the Board of Revenue (Land Revenue), Forest No. 436, dated 5th July 1894.

Abstract.—Reviewing the report on the inspection of the Madura forests by the Conservator of Forests, Southern Circle, and calling for a draft notification of the Post Office Plantation Reserve in the district.

Read—again the following Proceedings of the Board of Revenue (Land Revenue), Forest Mis. No. 269, dated 21st February 1896 :—

Read—the following extract from letter from the Collector of Madura, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Southern Circle), dated 9th January 1896, Dis. No. 1043 :—

Endorsement by E. D. M. HOOPER, Esq., Acting Conservator of Forests, Southern Circle, dated Coimbatore, 22nd January 1896, Cur. No. 2320.

Forwarded. This explanation has been overlapped by a subsequent inspection note which is now being despatched to the Board.

Resolution—Forest Mis. No. 269, dated 21st February 1896.

Recorded.

2. The amended boundary description of the *Eucalyptus* or Post Office Plantation submitted with the letter read above is not in proper form and does not correspond with the plan of the Post Office Plantation submitted with the letters disposed of in Board's Proceedings, Forest No. 520, dated 13th September 1887. The plan is herewith returned to the Collector who is requested to see whether it can be verified on the ground and if so to revise the description accordingly and submit it in the form prescribed in Board's Proceedings, Forest No. 595, dated 14th August 1893. If the description cannot be made to tally with the plan, a fresh map should be drawn up to agree with the notification now submitted.

READ—again the following Proceedings of the Board of Revenue (Land Revenue), Forest Mis. No. 692, dated 15th May 1896:—

Read—also the following letter from J. TWIGG, Esq., Collector of Madura, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Southern Circle), dated 17th April 1896, No. 2200:—

In reply to Board's Proceedings, Forest Mis. No. 269, dated 21st February 1896, the enclosures to which are returned, I have the honour to state that the plan was verified on the ground by my District Forest-officer on the 9th instant and to submit a revised boundary description prepared by him.

Endorsement by E. D. M. HOOPER, Esq., Acting Conservator of Forests, Southern Circle, dated Coimbatore, 28th April 1896, Ref. on Cur. No. 2320.

Forwarded.

Resolution—Forest Mis. No. 692, dated 15th May 1896.

It is observed that the names of the several houses, roads, &c., occurring in the revised boundary description are not shown in the new 4-inch scale map of the Post Office Plantation at Kodaikánal submitted with the letter read above. The omission is probably due to the smallness of the scale which should now be enlarged to the 8 or 16 inches to the mile; and the map should be so prepared as to admit of the draft notification being verified in this office. The boundary description might also be rendered clearer. The points of the compass in the eastern boundary do not seem to be correctly stated.

(True Copy and Extract.)

(Signed) R. C. C. CARR,
Acting Secretary.

To the Collector of Madura, with two maps and notifications.

READ—also the following letter from J. TWIGG, Esq., Collector of Madura, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Southern Circle), dated 3rd August 1896, Dis. No. 179:—

[*Reference*—Board's Proceedings, Forest Mis. No. 692, dated 15th May 1896.]

I have the honour to state that I do not clearly understand the remarks. It would appear that they should be taken as referring to the rough extract from the India Survey Forest map (which happens to include the Post Office Plantation coloured as a reserved forest, but is not a *map of it*, nor is it mentioned as one of the blocks the map is of) and not to the plan of the plantation.

2. Hence a key-map, as explanatory to the description, appears to be desired, and for that the rough extract was useless as it gave no surroundings even if the Forest Survey map it was taken from gave the necessary names.

An extract, therefore, from the village map on the 16-inch scale is now submitted, with names, &c., mentioned in the description, entered on it.

3. As to the eastern boundary not being clear, my District Forest-officer states that it is not easy to make it so and that he made out the draft as seemed most suitable under the circumstances and is unable to suggest any improvement. The original ghât road was taken as the main idea and hence the roads to Post Office described as branches. I think the key-map will now show how the description fits the locality and request that the description already submitted be accepted. Variations in the lengths of the different portions of the eastern boundary, between the description and the key-map are due to the point of junction of roads being a matter of opinion and maps liable to error, when roads branch at such acute angles.

4. The enclosures to the Board's Proceedings are returned.

Endorsement by E. D. M. HOOPER, Esq., Acting Conservator of Forests, Southern Circle, dated Coimbatore, 5th August 1896, Cur. No. 479.

Forwarded. The proceedings referred to are not traceable in this office.

ENCLOSURE No. 1.—~~Revised~~ Boundary description.

ENCLOSURE No. 2.—Map.

ENCLOSURE No. 3.—Notification.

RESOLUTION—Forest No. 400, dated 28th August 1896.

During his inspection of the forests of Madura in 1893, the Conservator of Forests, Southern Circle, observed that the fence of the Post Office Plantation Reserve, formerly known as the *Eucalyptus* plantation, had been removed and that cattle were allowed to graze all over the area. The reserve was notified only by name under section 25 of the Forest Act, with no description of boundary, it being merely stated that the reserve was situated "within the Lake basin." The Board thereupon called× for full boundary notification which was received with the Collector's letter disposed of in the second of the papers read above. As, however, the new notification was not prepared in the proper form and did not tally with the plan of the reserve, it was returned for revision. The Collector submitted a revised plan which did not contain all the particulars necessary for the verification of the draft notification. The Collector was again asked to forward a plan on a larger scale.

From the Board of Revenue (Sep: Revenue).

Dated 6 Sepr. 1896.

The Honble Mr Bliss C.I.E

FOR ORDERS.

The above papers relate to a second appeal preferred by one C.P. Rama Pattar against an order of the Dy: Comr. of ~~the~~ Salt and abkari Revenue, Central Division, directing his dismissal from the post of Sub. Inspector in the Salt Deptt.

Dy 29.11.95. pages 2-5 in C No 6663/96.

It appears that a party consisting of an Assistant Inspector, four or five Sub. Inspectors and sixty or seventy peons proceeded to one of the villages comprised in the petr's range and detected sixty-eight cases of illicit tapping of palm trees and that the Sanars (the toddy-drawers) concerned were convicted by a Magistrate after enquiry.

para 5(a) of petition in G.O 1704 / 1-9-96.

Thereupon, the Dy: Commissioner thought that it was imposs that such wholesale illicit

tapping could have escaped the notice of the petr who was the Sub-Inspector in charge, and that if it had really escaped his attention he was not competent to be in charge of a range. Accordingly, the Dy: Comr ordered the dismissal of the petr and also the petty officer who was working in that range.

The Board of Revenue to which the petr appealed declined to interfere in his behalf and remarked that there could be no reasonable doubt that ~~68~~ the sixty eight cases detected were real cases of illicit tapping and that a Sub-Inspector in whose range illicit tapping could go on to that extent in a single village, was unfit for his post.

The petr now appeals to Govt and urges that the Assistant Inspector and some of the other prominent members of the detective party had a grudge against ~~the~~ him and formed into a clique to bring him to trouble, and that the cases of illicit tapping

were practically concocted by them, during ~~the~~ his absence from the village in question.

The petr enters into a detailed examination of the records connected with those cases and endeavours to show the improbability of the detection and the arrest of the offenders.

The Board, however, has not submitted the records and is of opinion that it is unnecessary to go beyond the decision of the magistrate who enquired into the cases.

If the Govt also concur in this view the present appeal may be ~~[illegible]~~ dismissed.

Attention is, however, invited to para 25 of the petition (in G.O. Dd 1.9.96 No 1704) in which the petr requests that all the departmental and magisterial records in original may ~~[illegible]~~ be called for.

Submitted that this is clearly not a case requiring detailed examination by Govt & that the Petr should be informed that
