Prospects.

For rain.

The feature of this week is that Bellary Anantapur & Cuddapa have received rain below the average. It has been above the average in Trichingopoly Tanjore and Madras. Also in Bellary Chingleput Madras & J. Arcot.

There is marked increase except in Anantapur.

The rise in prices of all food grains in the northern Districts is maintained. The rise in Cholera is very marked in Bellary. A telegram has been received by the B. from Gadavari "Prices of all food grains risen suddenly 20%. Letter follows."

Elsewhere the movements of prices are irregular and unimportant though on the whole they show perhaps a downward tendency.

1. Fair & favorable but more rain wanted.

Gadavari Cuddapah Bellary Chingleput: no. Arcot: Salem.

2. Not encouraging more rain wanted Tanjore.

3. More rain urgently wanted
