No. 319. Read the following letter from J. BROUGHTON, Esq., Quinologist, Chinchona Plantations, to the Secretary to Government, Revenue Department, Fort Saint George, dated Ootacamund, 19th February 1867 :—

1. I have the honor to acknowledge, with thanks, the receipt of a copy of Order No. 353 of the Madras Government.

2. In fulfilment of the instructions therein contained, I herewith enclose a revised plan and estimate of cost of the laboratory building, with the additional rooms for my own residence; and also a map of the Botanic Gardens, roughly shewing the proposed site for the same. The total of the estimate amounts to Rs. 6,500.

3. Concerning the erection of this building, I would beg respectfully to observe that, as the estimate is made by Mr. McIvor, it is extremely desirable that it should be put in train before his departure, which takes place on the 14th proximo. Furthermore, it is important, for the safety of the instruments shortly arriving from England, that the roof of the laboratory should be completed before the rains begin. On these grounds, I trust I may be pardoned for the urgency with which I would request that I may be informed, by telegram, of the sanction of Government to this plan.

No. 320. ORDER THEREON, 23rd February 1867, No. 446.

Miscellaneous.

1. The Government sanction the erection of the laboratory building and Quinologists' residence on the proposed plan, at an estimated cost of Rupees 6,500.

2. The authority to commence the work will be communicated to Mr. Broughton by telegraph.
