*Proceedings of the Madras Government, Public Works Department,  
20th February 1867.*

No. 379. Read the following letter from the Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Themery, 2nd February 1867, No. 4,299:—

With reference to G. O. No. 2,724, 1 letter No. 295, dated 15th December 1866. dated 29th August 1866, I have the honor to state that as the District Road Cess has been introduced into the Madras District from the 1st January 1867, under Act I. of 1866, it appears to me undesirable, as explained in the accompanying letter from the Collector of Madras, to call upon the residents at Ennore for further contributions for the maintenance of the Tiroovattoor and Ennore road.

From the Acting Collector of Madras, to the Superintending Engineer, 4th Division, date Sydapett, 15th December 1866, No. 295.

With reference to the Officiating Superintending Engineer's letter\* of the 17th July last, requesting me to furnish him with a list of the planters and resident inhabitants of Ennore and Cuttiwak, from whom a contribution might be demanded for the maintenance of the road between Tiroovattoor and Ennore, I have the honor to state that at present there seems to be considerable difficulty in getting the people to contribute for the road, as more than one individual has taken exception to the payment of the contribution in question. I would, therefore, suggest that until the Road Cess Act I. of 1866 is introduced, which I have already recommended to the Government should be introduced from the 1st January 1867, no contribution be demanded from either the planters or residents at the Cuttiwak, &c., villages. When the Act is introduced in this district, we will have no difficulty whatever in raising sufficient funds for the repair and maintenance of the road, as the payment of the cess can be legally enforced, notwithstanding any objection that the people may have to paying it.

No. 280.

ORDER THEREON, 20th February 1867, No. 505.

CIVIL WORKS, No. 54.
