Government of Madras.

Revenue **DEPARTMENT.**

G.O. No. 496 Press ~~Mis.~~

422-423

Dated 28-2-1867.

Not to be folded or roughly handled

Proceedings of the Madras Government, Revenue Department, 28th February 1867.

No. 422. Read the following letter from the Governor General of Netherlands India, to His Excellency the Governor of Madras, dated Buitenzorg, 24th January 1867, No. 8 :—

1. I have the pleasure to offer your Excellency my best thanks for the 12,000 Chinchona seeds enclosed in your Excellency's letter of 12th October 1866, No. 2,772, as also for the intention therein expressed, to assist us with a further supply of seeds of the Succirubra and Officinalis species, when the expectation of an abundant harvest in June next shall be fulfilled.

2. On the other hand, I am very sorry to state that, although we possess some fine and developed trees of the Chinchona Lancifolia, they have as yet not seeded, so that I am unable to satisfy your Excellency's desire to supply your Excellency with a good quantity of that species.

3. However, the Home Government has been asked to try to get seeds of the Chinchona Lancifolia sent us directly from New Granada.

4. If this experiment proves successful, I shall be happy to forward to your Excellency some of the seeds that we hope to receive in the manner aforesaid.

No. 423. ORDER THEREON, 28th February 1867, No. 496.

Miscellaneous.

The Superintendent of the Chinchona Plantations will be instructed, with reference to G. O. dated 7th November 1866, No. 3,022, Revenue Department, to bear in mind that a further supply of the Succirubra and Officinalis seed is required for the Government of Java.

(True Extract.)

(Signed) W. HUDLESTON,
Secretary to Government.

To the Superintendent Government Chinchona Plantations.

No. 8.

Tendering thanks for the
12 000 Chinchona seeds sent in Oct.
last & for the promise of a further sup-
ply of seeds of the Succirubra & offi-
cinalis species, and expressing his in-
ability, under the circumstances stated to
forward a supply of the seeds of the C.
Lancifolia, from his plantations but pro-
mises to do so when the applied for sup-
ply of such seeds is received from Ceylon

28th Feby

No. 496.

I do not think that we should
write to India on the subject of
Chinchona seeds. We have
sent them seeds & they have
not succeeded in growing them.
I think that we should write
to Ceylon & ask for a supply
of seeds.
