REVENUE BOARD OFFICE · MADRAS

26 P

Proceedings of the Board of Revenue

(Land Revenue),

Dated 8th September 1896.

Forest No. 1246 Miscellaneous.

READ — the following letter from J. N. Atkinson Esqre, Collector of Kistna to the Secretary to the Commissioners of Land Revenue, through the Conservator of Forests, northern circle — dated 23d July 1896 R.C. No. 1737. Forests.

With reference to the correspondence terminating with Board's Proceedings Forest No. 327* Routine, dated 6th June 1896, I have the honour to state that neither a copy of the plan of Dindi Reserve nor the revised boundary description has been returned with that Proceedings.

* G.O. 4285 (Lodge)

2. Without these it is impossible to terminate the matter under discussion, but the Government Order is herein replied to.

3. The original survey was made on a plan which was returned to the Repalli Taluk office, and cannot now be found: the fair plan has been lost with the other records.

4. The records of the office of the Kistna Resurvey have been examined, but the Dindi Reserve has not been shown as a separate field from the rest of the uncultivated land.

5. It will be necessary therefore for the District Forest Officer to make another survey of the Reserve, and this he will take in hand immediately the Budget and annual report have been submitted, i.e. at the commencement of August.

6. As the Officer in charge of the Resurvey has promised the District Forest Officer a tracing of the new map of Dindi— just

just plotted, but not printed, — the Distri Forest Officer will probably at the same time be able to submit proposals for the new area to be taken up.

7. The area available amounts to 3423 acres but of this probably only 2000 will be taken up as a fresh reserve, and will consist of the area lying in the southern portion of the village, adjoining both Dindi and Kottapalem II Reserves on the south.

8. A tracing from the Repalli Taluk map is herewith submitted, showing how this newly proposed area lies, and the positions of the Reserves adjoining or near Dindi Reserve. From it, it will be observed that the Dindi Reserve forms part of a continuous stretch of reserves consisting of Nizampatam and Extension 1, Amudalapalli, Adavuladivi and Extension 1, Adavuladivi parra, Kottapalem II, the newly proposed Dindi Extension and Dindi. Dindi Reserve joins Amudalapalli on the north and Dindi Extension on the south. Besides these

shown

shown in the tracing, the Lankavaridibba, Kottapalem I and Potumeraka parra also adjoin on the east this large mass of waste.

9. The Dindi Extension consists of a sandy plain with scrub jungle and palmyras resembling the Dindi and part of Kottapalem II Reserves. The Dindi Reserve contains palmyras and will be treated as a Sub Compartment of the Adavuladivi series (Adavuladivi Reserve, Do Extension I, Dindi Reserve) of the Alisi Channel working Circle; another plan is put in to show this. Amudalapalli Reserve — cannot unfortunately form part of this series as it contains mangrove and not palmyras, and this series must be separately treated on account of its palmyras. There are palmyras in the Dindi Extension and Kottapalem II, but being much more scattered they want conservation rather than working, so should be treated separately from the Adavuladivi series.

Endorsement thereon by A. W. Peet Esqre, Conservator of Forests Northern Circle dated, Waltair, 31st July 1896 No. R.C. 263.

Forwarded.

26[illegible]

Read also memorandum from Government Revenue Department No. 175 dated 27th August 1896

Resolution

The first of the papers read above will be submitted to Government with reference to its order No. 154 mis dated 18th April 1895 and in continuation of Board's Proceedings No. 327 Routine dated 6th June 1896.

(Agr 4285 – [illegible])

2. The tracing from the Rekapalli Taluk map forwarded by the Collector shows that the Dindi Reserve joins the Amudalapalle forest on the north and that it is proposed to extend reservation on the south. The Board therefore considers that the Dindi Reserve may be retained for the present. When the proposals for the extension are submitted, it may be again considered whether this

Small

small block should be disafforested.

3. The Board also requests that the amended boundary notification submitted with Board's Proceedings Forest No. 1556 mis dated 18th October 1895 may now be approved and ordered to be published in the Fort St George Gazette.

Re: amended boundary description of a reserved forest in the Kistna Dt.

The Hon: Mr J. Grose. C. I. E.

D/4 1,000—11-6-96.

REVENUE DEPARTMENT.

C. No. 6634 of 96.

From

The Board of Revenue, Land Revenue.

Dated 8. 9. 1896.

FOR ORDERS.

Please see note under G. O 4695 mis / 20. 11. 95 flapped ^ for a summary of the Correspondence on the Subject. The Board now Submits the report on the nature and extent of the additions proposed as well as the map called for in G. O 1514 mis / 18. 4. 95. It will be seen that the proposed addition to the Dindi reserve Consists of a Sandy plain with Scrub jungle and palmyras and measures 3423 acres, of which, only 2000 acres will probably be taken up.

Submitted for orders as to whether in the Circumstances set forth in para 8 of the Collector's letter in the Current under disposal, the retention of the Dindi reserve may be Sanctioned and the amended boundary description notification× ordered to be published.

× If it is decided to publish the notification it will be sent to the Press and a printed copy sent to the [illegible] boundary with draft order.

If the probable extension is sanctioned the unfortunate villagers of Dindi & Adavaladivi will be completely hemmed in by reserved forests. This is a reason against the extension but perhaps does not apply as regards the retent

8m / 30.9

of the Dindi Reserve as that adjoins the Amadalapalli block. — The map w'd seem to shew that Mr. Atkinson is proposing excessive reservation in this locality

LdD

ORDER. G.O. 9th Oct. 1896, No. 517.

+ fly^

In the circumstances now reported, the retention of the Dindi reserve will be sanctioned and the amended boundary notification[+], as slightly amended by Govt., submitted with B.P. Forest No. 1556, d 18th October 1895 will be published in the Fort St. George Gazette.

2. From the maps now submitted, it would appear that the villages of Dindi and Adavaladi will be completely hemmed in on all sides by reserved forests if the Coll'r's programme of reservation is not altered.

OCTOBER.

Dindi Reserve.

The retention of the — in the Kistna district, sanctioned, and the amended boundary notification, ordered to be published in the *Fort St. George Gazette*.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

Read—again the following G.O., Mis. No. 81, Revenue, dated 11th January 1895:—

Read—the following Proceedings of the Board of Revenue (Land Revenue), Forest Mis. No. 1565, dated 29th November 1894:—

Read—the following letter from J. N. ATKINSON, Esq., Collector, Kistna district, to the Secretary to the Commissioners of Land Revenue, dated 2nd November 1894, No. 2496:—

I have the honour to forward herewith revised notification, under section 16, for Dindi reserve, in accordance with Board's Proceedings, Forest No. 595, dated 14th August 1893.

2. The present notification which is too vague runs as follows:—

Number.	District.	Taluk.	Name of the block.	Situation and boundaries.
65	Kistna.	Répalle.	Dindi reserve.	Situation.—Situated on the sea coast between the village Dindi and its hamlet Kesanavallapalem in the Répalle taluk.

Boundaries—*North.*—Salt creek.

East.—The cultivated lands of Kesanavallapalem.

South.—A foot-path leading from Kesanavallapalem to Dindi and the inam topes belonging to Ibrahim Saheb and Katoori Ankamma, &c.

West.—The burial-ground of the village of Dindi and poramboke lands of Dindi.

Remarks.—(*a*) A right of way for men and cattle over the foot and cattle path from Nizampatam to Kesanavallapalem, about a mile long and two yards wide, through the reserve, is admitted in the name of the general public.

(*b*) Right to water the village cattle of Dindi and of its two hamlets, Kesanavallapalem and Jampanavallapalem in the tank about 100 yards inside the reserve, is admitted, with pathway to it, which is two yards wide.

3. The area, as estimated hitherto, was 600 acres; the area after survey is found to be 114 acres only.

4. I have the honour to request that if the notification is approved, the plan may, after being returned by Government, be sent direct to the Survey office to have the requisite copies printed, the measurements being recorded therein.

Endorsement by E. D. M. HOOPER, Esq., Acting Conservator of Forests, Northern Circle, dated 15th November 1894, No. 1582.

Forwarded.

Resolution—Forest Mis. No. 1565, dated 29th November 1894.

The amended draft notification under section 16 for the Dindi reserve in the Répalle taluk, Kistna district, will, as amended by the Board, be submitted to Government for approval and publication in the *Fort St. George Gazette.*

2. The area of the block, as now surveyed, is reported to be only 114 acres and not 600 acres as formerly estimated.

3. The old notification of the block need not have been re-written in paragraph 2 of the Collector's covering letter, a reference to the Government Order under which the notification was published would have served the purpose.

(True Copies and Extract.)

(Signed) L. M. WYNCH,
Secretary.

To the Secretary to Government, Revenue Department,
with notification and map (to be returned).
„ Collector of Kistna (through the Conservator of Forests, Northern Circle).

Order—Mis. No. 81, Revenue, dated 11th January 1895.

From the papers now submitted it appears that the Dindi block in the Répalle taluk, Kistna district, the final notification for which was passed in G.O., No. 214, dated 21st March 1889, is only 114 acres in extent, instead of 600 acres as estimated by the Forest Settlement-officer in 1888. The area was reported as 1,000 acres when the notification under section 4 was approved in G.O., No. 965, dated 4th October 1887. The block is said to be situated on the sea-coast between two villages and consists of palmyra and dwarf date trees.

2. The Collector now submits an amended description of boundaries with a sketch-map, and the Board forwards the same for approval and for publication of the necessary Gazette notification. The Government is not satisfied that the reservation of a so small an area is desirable. The reservation was sanctioned under the impression that the block was much larger than it actually is. The reserve is, moreover, of an unsuitable shape and a right of way has been admitted right through it.

3. In these circumstances the Collector should be called upon to report whether the reserve should not be disafforested under section 24 of the Act.

(True Extract.)

(Signed) E. GIBSON,
Secretary to Government.

To the Board of Revenue (Land Revenue), with notification and map.

Read—again the following G.O., Mis. No. 1514, Revenue, dated 18th April 1895:—

Read—the following Proceedings of the Board of Revenue (Land Revenue), Forest Mis. No. 419, dated 28th March 1895:—

Read—again Proceedings of the Board of Revenue (Land Revenue), Forest Mis. No. 56, dated 21st January 1895.

Abstract.—Communicating to the Collector of Kistna G.O., Mis. No. 81, dated 11th January 1895.

Read—also the following letter from J. N. ATKINSON, Esq., Collector, Kistna district, to the Secretary to the Commissioners of Land Revenue, dated 3rd March 1895, No. 4927:—

In reply to Board's Proceedings, Forest Mis. No. 56, dated 21st January 1895, I have the honour to state that I think there is no necessity to disafforest the Dindi reserve as suggested by the Government.

2. There is a large area of barren waste area adjoining it on the south and on the east, which if carefully looked after might be converted into useful scrub jungle with palmyras and other trees planted therein.

The mistake appears to have been in not selecting a larger area in the first instance; but it is now possible to make extensions on each of the two sides above mentioned.

3. The fact that out of 11,882 acres ayacut in Dindi village only 651 are patta, 142 are inam and 123 are village-site shows that there is not much advantage in disafforesting it, and that probably it would not be taken up on patta.

4. The area under cultivation has not been hitherto surveyed in, and as the survey is now being made, I am merely waiting for that to make further proposals for reservation, for the surveyor has had so much work in the northern taluks that it has been impossible to spare him to work in the unsurveyed lands of this village, and my District Forest-officer wishes to get all the old reserves in order before going on with new ones.

5. Enclosures are herewith returned.

Endorsement by E. D. M. HOOPER, Esq., Conservator of Forests, Northern Circle, dated 17th March 1895, No. 2458.

Forwarded.

Resolution—Forest Mis. No. 419, dated 28th March 1895.

Submitted to Government with reference to its Order, Mis. No. 81, dated 11th January 1895.

2. The Board considers that, for the reasons now advanced by the Collector, the reserve need not be disafforested under section 24 of the Forest Act.

(True Copies and Extract.)

(Signed) L. M. WYNCH,
Secretary.

To the Secretary to Government, Revenue Department, with two enclosures.

Order—Mis. No. 1514, Revenue, dated 18th April 1895.

The Board is requested to report in detail with a plan on the nature and extent of the proposed additions to the Dindi reserve referred to in paragraph 2 of the Collector's letter. The present block is obviously not worth retaining as a reserve for its own sake; but if the proposed extensions will result in the formation of a sufficiently large and compact block, the necessity of disafforesting the present block will be avoided.

(True Extract.)

(Signed) G. S. FORBES,
Ag. Secretary to Government.

To the Board of Revenue (Land Revenue), with two enclosures.

Read—again the following G.O., Mis. No. 3317, Revenue, dated 17th August 1895 :—

Read—the following Proceedings of the Board of Revenue (Land Revenue), Forest Mis. No. 1050, dated 22nd July 1895 :—

Read—again Board's Proceedings, Forest Mis. No. 582, dated 29th April 1895.

Abstract.—Communicating to the Collector of Kistna G.O., Mis. No. 1514, dated 18th April 1895.

Read—also the following letter from J. N. ATKINSON, Esq., Collector, Kistna district, to the Secretary to the Commissioners of Land Revenue, dated 25th June 1895, No. 6134 :—

In reply to Board's Proceedings, Forest Mis. No. 582, dated 29th April 1895, I have the honour to refer you to paragraph 4 of my letter No. 4927, dated 8th March 1895, in which I stated that the revenue demarcation and survey of Dindi village is in progress and that the hitherto unmapped cultivated areas are now in course of demarcation, that until this is completed it is impossible to furnish the Government with proposals accompanied by map as demanded; that immediately it is completed the proposals with maps will be furnished.

2. It may be mentioned that the Dindi reserve as now existing is only separated from Amudalapalli and Adavuladivi reserves by a creek 20 feet wide and will be treated in a working plan with Adavuladivi reserve under the name of Dindi palmyra working circle and will form one compartment of that working circle; the extensions cannot, at all events at the beginning, form part of this working circle (800 odd acres) as the palmyra forms the basis of the working and that tree does not yet exist in large quantities in the proposed extensions.

Endorsement by E. D. M. HOOPER, Esq., Acting Conservator of Forests, Northern Circle, dated 5th July 1895, No. 79.

Forwarded.

Resolution—Forest Mis. No. 1050, dated 22nd July 1895.

Submitted to Government, with reference to its Order, Mis. No. 1514, dated 18th April 1895.

2. The Board considers that, under the circumstances now reported, there is no necessity to disafforest the Dindi reserve and the Collector will, on receipt of the orders of Government, be requested to submit the amended boundary notification for approval and publication in the Gazette.

(True Copies and Extract.)

(True Extract.)

(Signed) E. GIBSON,
~~Ag.~~ Secretary to Government.

To the Board of Revenue (Land Revenue), with map.

Read—also the following Proceedings of the Board of Revenue (Land Revenue), Forest Mis. No. 1246, dated 8th September 1896:—

Read—the following letter from J. N. ATKINSON, Esq., Collector of Kistna, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Northern Circle), dated 23rd July 1896, R.C. No. 1737-For.:—

With reference to the correspondence terminating with Board's Proceedings, Forest No. 327, Routine, dated 6th June 1896, I have the honour to state that neither a copy of the plan of Dindi reserve nor the revised boundary description has been returned with that Proceedings.

2. Without these it is impossible to terminate the matter under discussion, but the Government order is herein replied to.

3. The original survey was made on a plan which was returned to the Répalle taluk office, and cannot now be found: the fair plan has been lost with the other records.

4. The records of the office of the Kistna re-survey have been examined, but the Dindi reserve has not been shown as a separate field from the rest of the uncultivated land.

5. It will be necessary therefore for the District Forest-officer to make another survey of the reserve, and this he will take in hand immediately the budget and annual report have been submitted, *i.e.*, at the commencement of August.

6. As the officer in charge of the re-survey has promised the District Forest-officer a tracing of the new map of Dindi — just plotted, but not printed — the District Forest-officer will probably at the same time be able to submit proposals for the new area to be taken up.

7. The area available amounts to 3,423 acres, but of this probably only 2,000 will be taken up as a fresh reserve, and will consist of the area lying in the southern portion of the village, adjoining both Dindi and Kottapalem II reserves on the south.

8. A tracing from the Répalle taluk map is herewith submitted, showing how this newly-proposed area lies, and the positions of the reserves adjoining or near Dindi reserve. From it it will be observed that the Dindi reserve forms part of a continuous stretch of reserves consisting of Nizampatam and Extension I, Amudalapalli, Adavuladivi and Extension I, Adavuladivi parra, Kottapalem II, the newly-proposed Dindi extension and Dindi. Dindi reserve joins Amudalapalli on the north and Dindi extension on the south. Besides those shown in the tracing, the Lankavaridibba, Kottapalem I and Potumeraka parra also adjoin on the east this large mass of waste.

9. The Dindi extension consists of a sandy plain with scrub jungle and palmyras resembling the Dindi and part of Kottapalem II reserves. The Dindi reserve contains palmyras and will be treated as a sub-compartment of the Adavuladivi series (Adavuladivi reserve, Adavuladivi Extension I, Dindi reserve) of the Alisi channel working circle; another plan is put in to show this. Amudalapalli reserve cannot unfortunately form part of this series as it contains mangrove and not palmyras, and this series must be separately treated on account of its palmyras. There are palmyras in the Dindi extension and Kottapalem II, but being much more scattered they want conservation rather than working, so should be treated separately from the Adavuladivi series.

Endorsement by A. W. PEET, Esq., Conservator of Forests, Northern Circle, dated Waltair, 31st July 1896, R.C. No. 263.

Forwarded.

Read—also memorandum from Government, Revenue Department, No. 175, dated 27th August 1896.

Resolution—Forest Mis. No. 1246, dated 8th September 1896.

The first of the papers read above will be submitted to Government with reference to its Order, Mis. No. 1514, dated 18th April 1895, and in continuation of Board's Proceedings, No. 327, Routine, dated 6th June 1896.

2. The tracing from the Rékapalle taluk map forwarded by the Collector shows that the Dindi reserve joins the Amudalapalli forest on the north and that it is proposed to extend reservation on the south. The Board therefore considers that the Dindi reserve may be retained for the present. When the proposals for the extension are submitted, it may be again considered whether this small block should be disafforested.

3. The Board also requests that the amended boundary notification submitted with Board's Proceedings, Forest Mis. No. 1556, dated 18th October 1895, may now be approved and ordered to be published in the *Fort St. George Gazette.*

(True Copies and Extract.)

(Signed) R. C. C. CARR,
Acting Secretary.

To the Secretary to Government, Revenue Department, with three maps.
,, Collector of Kistna (through the Conservator of Forests, Northern Circle).

Order—No. 517, Revenue, dated 9th October 1896.

Forest No. 219.

In the circumstances now reported, the retention of the Dindi reserve will be sanctioned and the amended boundary notification, as slightly amended by Government, submitted with Board's Proceedings, Forest No. 1556, dated 18th October 1895, will be published in the *Fort St. George Gazette.*

2. From the maps now submitted it would appear that the villages of Dindi and Adavuladivi will be completely hemmed in on all sides by reserved forests if the Collector's programme of reservation is not altered.

(True Extract.)

(Signed) G. STOKES,
Ag. Secretary to Government.

To the Board of Revenue (Land Revenue), with maps.
„ the Superintendent, Government Press, with notification.

NOTIFICATION.

With reference to notification No. 78, dated 21st March 1889, published under section 16 of the Madras Forest Act (V of 1882) at pages 195–96, Part I of the *Fort St. George Gazette*, dated 26th March 1889, declaring the Dindi forest to be a reserved forest, His Excellency the Governor in Council is pleased to direct that the following amended and more accurate description of the boundaries of the said forest be substituted for the description contained in the said notification :—

District.	Taluk.	Block number.	Name of the block.	Situation and boundaries.
Kistna.	Répalle ..	65	Dindi reserve.	SITUATION.—South of the Nizampatam-Upputeru (salt creek) and north and north-east of Dindi village site. BOUNDARIES—*North.*—From a point on the Upputeru 11·33 chains slightly east of north of the north-west corner of subsequent survey No. 19 of Dindi along the bank of the Upputeru for 77·90 chains; then a straight line east, south-east to a point 10·78 chains north-west of the north-west corner of subsequent survey No. 26 of Kesanavallapalem (hamlet of Dindi). *East.*—Thence a straight line slightly west of south to a point 14·65 chains south-west of the said north-west corner. *South.*—Thence a straight line slightly south of west to a point 33·30 chains south-south-west of where the reserve boundary leaves the Upputeru (creek); then another slightly north of west to the south-east corner of survey No. 25 of Dindi; then along the east and north sides of the said number to its north-west corner; then a straight line westwards to a point 2·70 chains east of the north-west corner of subsequent survey No. 12 of Dindi. *West.*—Thence a straight line northwards to the starting point.

REMARKS.—The following rights are admitted in the reserve :—

(*a*) Right to water.—(i) For the cattle of the villages of Dindi and its hamlets Kesanavallapalem and Jampanavallapalem in the tank (called Komati cheruvu) situated within the reserve about 5 chains north of a point on its south boundary about 10 chains west of the south-east corner of the block.

(*b*) Rights of way.

(i) The foot and cattle path to the above tank. It enters the reserve at a point on its south boundary about 10 chains west of its south-east corner and goes through it as far as the tank for about 200 yards. Its width is 2 yards.

(ii) The foot and cattle path from Kesanavallapalem to Nizampatam. It enters the reserve at a point 6 chains north of the south-east corner of the reserve and goes through it south-westwards to the Komati cheruvu tank and then west-north-west and along the south bank of the Upputeru and leaves it 1 chain south of the north-west corner of the reserve. Its length is about 2 miles and 6 furlongs and its width is 2 yards.
