Dated 14—3—1867.

Not to be folded or roughly handled

Proceedings of the Madras Government, Revenue Department,
14th March 1867.

No. 228. Read the following Proceedings of the Board of Revenue, dated 9th March 1867.

Read the following:—

Report on the state of the season in the District of Cuddapah during the second fortnight in February 1867.

1. No rain fell during the fortnight. The crops were in general in good condition. In the Badvel Talook some garden crops had been sown. In the eastern section paddy and raggy had been cultivated. In the Madanapalli Talook sugar-cane had been planted to some extent, and second crop paddy sown.

2. The dry crops had been mostly harvested.

3. Fever was extremely prevalent in the Badvel Talook, and cholera existed in a few localities to a slight extent.

4. Cattle disease was prevalent in the Badvel and Sidhout Talooks.

(Signed) T. G. WARD,
Deputy Collector.

CUDDAPAH,
5th March 1867.
