14th March 1867.

No. 232. Read the following Proceedings of the Board of Revenue, dated 9th March 1867.

Read the following letter from the Collector of Tanjore, to the Secretary to the Board of Revenue, dated Vellum, Tanjore Talook, 6th March 1867, No. 52:—

1. During the second-half of last month no rain has fallen in this district and in the dry villages; it is much wanted to save the standing, dry, and garden crops, now withering from drought.

2. The hot season has already set in, and diseases incidental thereto, viz., fever, small-pox, and dysentery, are consequently just now more prevalent than they were at the date of the last report.

3. The health of cattle is tolerably good, and pasture for the present sufficient.

4. The harvest of the Sambapesanam rice-crop in the delta is in rapid progress, and prices are stationary, with rather a downward tendency.

Submitted for the information of Government.
