(Forests).

SIR,

(C) With reference to your letter No. 470 dated the 23rd August 1898, containing proposals for the revision of the District Forest and Range office establishments of the Forest Department in the Madras Presidency, I am directed to remark that these proposals include 113 permanent Range clerks, 119 permanent Range peons and 156 permanent Range and Deputy Rangers' peons: while the existing staff consists of 26 permanent and 51 temporary Range clerks, 82 permanent Range peons and 35 temporary Range peons. The Government of India, while leaving it to the Government of Madras to provide such temporary establishment or daily labourers in Range offices as they may consider necessary, are of opinion that it would be a mistake to make the proposed large increase in the clerical and menial permanent (pensionable) establishment. The Junior Rangers and the Deputy Rangers, it is considered, might with advantage prepare their own office returns, and coolies might well be employed, instead of permanent peons, to carry the Rangers' things &c. on tour. The Government of India are therefore not disposed to make additions under these heads to the existing Permanent Establishment, and the proposed increase has accordingly been eliminated from the general proposition statement which has been prepared.

2. With this exception the proposals under notice as made by the

the Government of Madras are being taken into consideration by the Government of India along with the proposals of other Governments.

I have the honour to be,

Sir,

Your most obedient servant,

J. Holderness
