G.O. No.	653	Press
	308-308	~~Misc~~
Dated	69 — 2 —	1867.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Revenue Department,
19th March 1867.*

No. 305. Read the following Proceedings of the Board of Revenue, dated 13th March 1867, No. 1,536.

Read the following letter from the Collector of the Kistna District, to the Secretary to the Board of Revenue, dated Circuit Cutcherry at Kollur, in Repally Talook, 8th February 1867, No. 37 :—

1. With reference to Item No. 12 in Part No. I of my Local Fund Budget for the official year 1867-68, I have the honor to forward, herewith, plans and estimates for metaling a certain portion of the Vellatoor and Sandole road, and erecting masonry works over water-courses on the same, amounting in all to Rs. 4,152.

2. The necessity of the work is fully shewn in paragraph 2 of the Superintending Engineer's letter, in which I fully concur. An allotment of Rupees 2,000 is made in the Local Fund Budget for the next official year.

3. I therefore request that the Board will be pleased to obtain the sanction of Government for the estimates in question.

From the Superintending Engineer, 2nd Division, to the Collector of the Kistna District, dated Camp at Kavaly, 31st January 1867, No. 183.

1. I have the honor to forward plans and estimates, as per margin, for metaling a certain portion of the Vellatoor and Sandole road, and erecting masonry works over water-courses on the same, to be executed from "Local Funds" during 1867-68.

5 Masonry Plans.

1. Detailed estimates with abstract, amounting to Rupees 4,152.

1 Specification.

2. The part of the road to be improved is where it crosses the irrigated tract lying west of Vellatoor. An estimate for Rupees 3,500, for constructing an earthen embankment across it, was sanctioned by Government in Government Order, No. 461, dated 6th February 1866, and this amount will have been expended by April next. The embankment is formed, but it is found that the soil is of indifferent a character between Vellatoor and Bhatteprole, that metaling is absolutely necessary, and that bandies cannot pass the irrigation channels which cross the road unless bridges are built.

3. Rupees 2,000 has been collected in Budget for 1867-68 (Item 224) for this work, and I now request you will be good enough, after affixing your countersignature, to send the enclosed estimates for the sanction of the Revenue Board and Government.

ENCLOSURE No. 2.—Estimates.

ENCLOSURE No. 3.—Specification Report.

ENCLOSURES Nos. 4 to 8.—Plans.

Submitted for the sanction of Government.
