AUGUST.

Reviewing the further report submitted by the Collector of Kistna regarding the revision of village establishments in Nandigama, Narasaraopet and Bezwada taluks.

PROCEEDINGS OF THE BOARD OF REVENUE (LAND REVENUE).

READ—the following letter from R. MORRIS, Esq., Collector of Kistna, to the Secretary to the Commissioners of Land Revenue, dated 1st August 1899, R.C. No. 462-B. & G. :—

I have the honour to reply to Board's Proceedings, No. 99 L.R., dated 10th April 1899.

2. Paragraph 2.—The query is answered in the affirmative.

3. Paragraph 9.—I have no objections to urge to the Board's proposal.

4. Paragraph 4—Narasaraopet taluk—Nos. 101 and 102.—The beriz of 102 is above 2,000. The area of the proposed united village is very large, and I am afraid it will be rather much for a single karnam to go over.

65 and 66.—The distance between the two villages is only half a mile and no separate munsif is required. Anantavaram (No. 65) should be the kasba.

Nandigama—Nos. 84 and 85.—The combined extent is too large for one karnam to go over. The beriz of each village is above Rs. 2,000 and nearer to Rs. 3,000. The clubbing seems objectionable and I would suggest it may be given up.

I would suggest the following changes in the clubbings proposed by the Board as being more convenient :—

Board's clubbings.

(1) 124, 125, 126 and 129

(2) 127, 128, 135 and 186

(3) 142, 139, 140 and 141

As now proposed.

(1) 124, 127-C and 128.

(2) 125, 126-C and 129.

(3) 135 and 136-C.

Dabbakupalli and not Potsampalli is the most remote village and should be the kasba. Lingala (141) has this year (fasli 1308) been newly brought under the Muniyeru channel and its revenue will consequently increase. It should be a separate village.

Nos. 103 and 115.—The beriz of Magallu alone is above Rs. 4,000. The lands in both are commanded by the Muniyeru channel and their revenue may be expected to increase. They may be left as they are and should not be clubbed.

The other proposals of the Board may be carried out.

RESOLUTION—No. 204, dated 30th August 1899.

The Collector of Kistna submits a further report with reference to Board's Proceedings, No. 99, dated 10th April 1899, reviewing his proposals for the revision of village establishments in the Bezwada, Narasaraopet and Nandigama taluks.

2. Paragraph 2 of Board's Proceedings, No. 99, dated 10th April 1899.—The Collector answers in the affirmative the question whether the area and beriz of certain depopulated survey villages were included in the figures reported for the principal villages.

3. Paragraph 4 of the Board's Proceedings.—In this paragraph the Collector was asked to report on certain alterations in the limits of karnams' and munsifs' charges suggested by the Board in appendix D to its Proceedings. In the case of the marginally-noted villages, the Collector is not in favour of the modifications proposed by the Board, because in some instances the area of the proposed groups would be too large for the karnam and in others the revenues of individual villages is expected to increase owing to the extension of irrigation.

As regards villages Nos. 124 to 129, and 135 and 136 of the Nandigama taluk, the Collector recommends certain modifications in the Board's suggestions, but in all other cases he accepts the Board's proposals. The several alterations in the limits of the karnams' and munsifs' charges as finally recommended by the Collector and approved by the Board are indicated in the appendix to these Proceedings. The financial result of these proposals is shown below :—

4. Paragraph 9 of the Board's Proceedings.—The Collector accepts the Board's suggestion to provide a munsif-monigar with the requisite staff of vettis and talaiyaris in lieu of a monigar only as originally proposed in the following cases :—

5. According to appendix B to Board's Proceedings, No. 99, dated 10th April 1899, the villages, 68. Annavaram and 69. Balusupad, stand grouped together both for karnam's and munsif's jurisdiction. It has now been brought to the Collector's notice that the villages are two miles apart and are separated by a river, and that the proximity of Balusupad to a village of the Nizam's dominions where an arrack depot is situated makes it expedient to appoint a special establishment to watch and guard against the entry of bad characters into British territory. The Collector accordingly recommends the constitution of Balusupad into a separate munsif's charge. The Board agrees with him. The additional cost involved in this proposal is Rs. 13 per mensem.

6. The sanction of Government is requested to the foregoing proposals which result in a net saving of Rs. 2,028 per annum.

5. According to appendix B to Board's Proceedings, No. 99, dated 10th April 1899, the villages, 68. Annaram and 69. Balusupad, stand grouped together both for karnam's and munsif's jurisdiction. It has now been brought to the Collector's notice that the villages are two miles apart and are separated by a river, and that the proximity of Balusupad to a village of the Nizam's dominions where an arrack depot is situated makes it expedient to appoint a special establishment to watch and guard against the entry of bad characters into British territory. The Collector accordingly recommends the constitution of Balusupad into a separate munsif's charge. The Board agrees with him. The additional cost involved in this proposal is Rs. 13 per mensem.

1 munsif	Rs. 5
1 vetti	4
1 talayari	4
Total	13

6. The sanction of Government is requested to the foregoing proposals which result in a net saving of Rs. 2,028 per annum.
