3. With reference to Board's Proceedings, Forest No. 164, dated 11th April 1896, an area statement is enclosed showing the state of all kind of lands in each village adjoining the reserve. From this it will be seen that the communal requirements of the villagers have been amply considered.

Forwarded and recommended.

RESOLUTION—Forest No. 336, dated 31st July 1899.

The proposed block is reported to contain a good growth of redwood, and the villagewar statistics furnished by the Collector show that its reservation will, in no way, cause hardship to the neighbouring villagers. The draft notification will therefore be submitted to Government for approval and publication in the *Fort St. George Gazette*.

2. The Board, however, notes from the statement of area and condition that the total extent of forest reserves in the Ráyachóti taluk exceeds the estimate approved in Government Order, No. 322, Revenue, dated 24th April 1893, communicated in Board's Proceedings, Forest No. 304, dated 3rd May 1893, by 9,297 acres. No further additions in this taluk will, therefore, be recommended for the approval of Government unless the necessity for the increase has been clearly made out.

Endorsement by J. W. CHERRY, Esq., Conservator of Forests, Central Circle, dated Madras, 4th July 1899, No. 18.

Forwarded and recommended.

Resolution—Forest No. 336, dated 31st July 1899.

The proposed block is reported to contain a good growth of redwood, and the villagewar statistics furnished by the Collector show that its reservation will, in no way, cause hardship to the neighbouring villagers. The draft notification will therefore be submitted to Government for approval and publication in the *Fort St. George Gazette*.

2. The Board, however, notes from the statement of area and condition that the total extent of forest reserves in the Ráyachóti taluk exceeds the estimate approved in Government Order, No. 322, Revenue, dated 24th April 1893, communicated in Board's Proceedings, Forest No. 304, dated 3rd May 1893, by 9,297 acres. No further additions in this taluk will, therefore, be recommended for the approval of Government unless the necessity for the increase has been clearly made out.
