SEPTEMBER.

Submitting to Government, for approval and publication in the *Fort St. George Gazette*, draft notification under section 16 of the Madras Forest Act for the constitution of the Mavinakodlu block in the Udipi taluk, South Canara district, as a reserved forest.

PROCEEDINGS OF THE BOARD OF REVENUE

(LAND REVENUE).

READ—the following letter from H. S. MULLINS, Esq., Special Forest Settlement-officer, Malabar and South Canara Districts, to the Collector of South Canara, dated Camp, Jalsur, 26th May 1899, Dis. No. 11-F.S.:—

I have the honour to forward, herewith, the records of block No. 71, Mavinakodlu the settlement of which is now complete.

2. This block was notified under section 4 on pages 889 and 890 of the *Fort St. George Gazette*, dated 6th August 1895, the Head Assistant Collector, South Canara, being appointed Forest Settlement-officer in respect thereof.

3. The proclamation under section 6 was issued by that officer on 13th August 1895 and published in the District Gazette, dated 12th September 1895, spare copies thereof being served on the persons interested through the Tahsildar by the end of November of that year.

4. Nine claims were received by the Head Assistant Collector who passed orders on eight of them before perambulation. After perambulating the block in August and September last, I found that the orders passed by that officer in respect of five kumaki claims were erroneous, and I therefore passed fresh orders on them and defined the paths in the sixth, the order of the Head Assistant Collector thereon being simply admitted.

5. Eight claims were received by me, making a total of seventeen claims against the block, the details of the disposal of which are given in the accompanying statement (Enclosure No. 3).

6. As stated above, I perambulated the block in August and September last and as I found the section 4 plan to be too inaccurate to form the basis of section 16 plan, I thought it better to get the whole block resurveyed before submitting it to the District Forest-officer for a fresh plan.

7. The block boundaries were resurveyed by the Forest Settlement Surveyor in November and December 1898, and the block forwarded to the District Forest-officer for the preparation of section 16 plan which was supplied to me on 26th May 1899.

8. The order on the last claim was passed on 24th September 1898, and no appeals have been preferred against any of my orders. The period for the presentation of appeals has now elapsed and the block is therefore free of all rights save those described in the draft notification (Enclosure No. 1).

9. I am of opinion that the boundary of the block as now submitted does not exceed that originally notified under section 4.

10. I forward the following records of settlement herewith:—

(1) Draft notification under section 16;
(2) B. Register;
(3) Statement of claims received, &c.; and
(4) Sketch-map.

11. The date from which reservation is to take effect is left bank in the draft notification to be filled in by Government.

ENCLOSURE No. 1.—B. Register.

ENCLOSURE No. 2.—Draft notification.

ENCLOSURE No. 3.—Numerical statement.

ENCLOSURE No. 4.—Sketch-map.

Endorsement by A. F. PINHEY, Esq., Acting Collector of South Canara, dated 17th June 1899, N. Dis. on C.S.C. No. 2569-For.

Submitted to the Secretary to the Commissioners of Land Revenue, Madras, through the Conservator of Forests, Southern Circle.

2. The area statement is enclosed.

ENCLOSURE.—Area statement.

Endorsement by H. A. GASS, Esq., Acting Conservator of Forests, Southern Circle, dated Coimbatore, 21st June 1899, No. 2945.

Forwarded.

Reference on the above, dated 1st July 1899, No. 189.

It is observed from the sketch-map that the Uthrabail Jeddu cultivation shown as enclosure No. 2 and the tank in respect of which certain easement rights are admitted in claim No. 10-A—9 lie very close to the boundary of the reserve. These should now be excluded and a revised notification submitted at an early date.

2. The Forest Settlement-officer's attention should be drawn to Board's Proceedings, No. 471, dated 18th September 1889, and he should be instructed to exclude from reservation the Local Fund road admitted in claim No. 9-A—1 and to make the necessary addition both in the register of claims and in the draft notification.

(Signed) LIONEL DAVIDSON,
Acting Secretary.

To the Collector of South Canara, with B. Register, draft notification, map and area statement (returned).

I have the honour to return Board's Proceedings, Reference No. 189, dated 1st July 1899, and the records of block No. 71, Mavinakodlu, revised as ordered. Existence of the shrines claimed.	Objects to the number of Bhutastans and (*vide* claim 1-A order No. 5) does not contest the Brahmastan.	The claimant's evidence showed that the shrines had not been in existence for such a period as would enable him to claim a right to them as against Government, and as from his evidence I find no religious scruple involved, I reject the claim recommending the Forest Department, however, to confer on the claimant an easement at will in the shrines or to permit him to remove them from within the forest reserve. The claim to kumaki said to be encroached upon by cairns Nos. 22 to 30 (both cairns inclusive) is dismissed as I found on inspection that full 100 yards had been excluded by the existent demarcation of the reserve boundary. The request to abandon a portion for kumaki purposes is contrary to the Policy of Government as laid down for the preservation of forest growth and cannot be complied with. (Signed) H. S. Claims some land for kumaki purposes on the side of the Hebri-Albadi Local Fund road for the use of Muli Warg No. 1 of Kuchur village which lies in the middle of other wargs without kumaki and the portion now claimed was used as such from time immemorial.	....	Objects to the claim on the ground that no part of the reserve adjoins the main warg and the claimant cannot claim forest lying at a distance.	The claim is dismissed, as petitioner cannot claim as kumaki to his Warg land lying at a distance of more than 100 yards. (Signed) J. H. ROBERTSON, COONDAPOOR, Forest Sett.-officer. 16th April 1896.
8-A 8	Krishnaiya Shetti, son of of Kaveri Shettathi of Belanje village.	21st Nov. 1895.	Claims kumaki for Geni Warg No. 1, assessed at Rs. 160, cairns having been placed very close to a portion thereof called Kela Mavoli.	....	Full 100 yards of kumaki has been allowed in this case.	The District Forest-officer's statement is not borne out by the map. The position of cairns Nos 66, 67 and 69 will therefore be altered at the time of perambulation so as to allow claimant full 100 yards. (Signed) J. H. ROBERTSON, COONDAPOOR, Forest Sett.-officer. 16th April 1896.

Order by the Special Forest Settlement-officer, Malabar and South Canara—
I found on perambulation that the cairns were full 100 yards from the Warg land and did not require moving.

Spl. Forest Sett.-officer,

10-A 9	Kanaka Shettathi and Sadiyamma Shettathi (females) of Kuchur village.	26th Oct. 1896.	Claim (1) kumaki for Muli Wargs Nos. 5 and 7 and Geni Warg No. 2 of Kuchur village belonging to the 1st and Muli Warg No. 2 belonging to the 2nd petitioners. (2) The water of a tank for irrigation purposes.	....	The claim is not opposed by the Range officer appearing on behalf of the District Forest-officer.	(1) The claim to kumaki at cairns Nos. 41 to 46 (both cairns inclusive) is rejected, as I find all these cairns are not less than 100 yards from claimants' warg land. (2) The claim to the tank* for the irrigation of Muli Wargs Nos. 5 and 7, Geni Warg No. 2 of Kuchur village is admitted. The tank is situated 82 yards east of cairn No. 42 and the bund thereof may be maintained with material taken from the bed of the tank. The channel therefrom will be three feet broad and will run west by north, about 80 yards and quit reserve 30 yards north of cairn No. 42. The right of entry for the maintenance of the tank bund will be by a path, three feet wide, for men only, entering the reserve 10 yards north of cairn No. 42 and running east to the bund. The water to be utilized for the irrigation of the warg lands above mentioned. (Signed) H. S. MULLINS, Spl. Forest Sett. officer, Malabar and South Canara. HEBRI, 3rd September 1898.

Claim proprietary right over a portion of Geni Warg No. 5 of Kuchur village within the reserve.	*Nil.*	....	The first claimant's son appeared and withdrew this claim, substituting for it a claim to a darkhast land (claim No. 16-A). He stated that no portion of the warg land claimed was included in the reserve. The claim is therefore dismissed. (Signed) H. S. MULLINS, Spl. Forest Sett.-officer, Malabar and South Canara. 12-A 11	Nagaiya Shetti, son of Sárappa Shetti of Kanabettu village.	3rd Sept. 1898.	Claims right to worship at and right of entry to 7 Bhutastans and one Brahmastan within the reserve.	Existence of the shrines claimed.	Objects to the number of Bhutastans and (*vide* claim 1-A order No. 5) does not contest the Brahmastan.	The claimant's evidence showed that the shrines had not been in existence for such a period as would enable him to claim a right to them as against Government, and as from his evidence I find no religious scruple involved, I reject the claim recommending the Forest Department, however, to confer on the claimant an easement at will in the shrines or to permit him to remove them from within the forest reserve. (Signed) H. S. MULLINS, Spl Forest Sett.-officer, Malabar and South Canara. HEBRI, 3rd September 1898.
13-A 12	(1) Krishnaiya Shetti, nephew of Súranna Shetti and (2) Naga Bhatta, both of Kanabettu village.	3rd Sept. 1898. (2) Abandonment of the proposed reservation of that portion which lies to the west of a line joining cairns Nos. 22 and 30.	*Nil.*	....	The claim to kumaki said to be encroached upon by cairns Nos. 22 to 30 (both cairns inclusive) is dismissed as I found on inspection that full 100 yards had been excluded by the existent demarcation of the reserve boundary. The request to abandon a portion for kumaki purposes is contrary to the Policy of Government as laid down for the preservation of forest growth and cannot be complied with. (Signed) H. S. MULLINS, Spl. Forest Sett.-officer, Malabar and South Canara. HEBRI, 5th September 1898.

I admit the claim and order that the forest boundary be so altered between cairns Nos. 46 and 47 as to exclude full 100 yards for warg land No. 5 of Belange village. (Signed) H. S. MULLINS, Spl. Enters the reserve, 120 yards west of cairn No. 36, passes north-north-west through it, about 44 furlongs and quits it entering Tenkamundoli enclosure (No. 111), one furlong west of cairn No. 4 thereof. Crossing the enclosure it re-enters the reserve, 100 yards east of cairn No. 2 thereof, passes north-east for 160 yards and finally quits it 60 yards north-west of cairn No. 8 of the Badagamundoli enclosure (No. 1). Produced one witness, the Shanbhogue of Shivapur Magane.	All the witnesses, both for the defence and the claimant, supported the claim which is therefore admitted. I find the darkhast land, a portion of Mali Warg No. 7 of Kuchur village, is also entitled to kumaki. *Note.*—The land is excluded from the reserve by an alteration of the reserve boundary at the request of the District Forest-officer. Claims proprietary right to a darkhast land called Kolbikodlu, Muli Warg No. 4 of Belmanje village, assessed at Rs. 2 included within the reserve.	....	The defence witness, the Shanbhogue of Shivapur Magane, states that the claimant pays assessment on a land called Kolbikodlu but does not know if it is included within the reserve.	The chitta showing the boundaries of the land is not produced and as I am inclined to disbelieve the evidence of the claim witnesses, I dismiss the claim and hold that the Kolbikodlu darkhast land is not included within the reserve. Reserved Forest

The draft notification, under section 16 of the Madras Forest Act, for the constitution of the Mavinakodlu block, in the Udipi taluk, as a —, ordered to be published in the Fort St. George and the South Canara District Gazettes.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

Read—the following Proceedings of the Board of Revenue (Land Revenue), Forest No. 384, dated 1st September 1899 :—

Read—the following letter from H. S. MULLINS, Esq., Special Forest Settlement-officer, Malabar and South Canara Districts, to the Collector of South Canara, dated Camp, Jalsur, 26th May 1899, Dis. No. 11-F.S. :—

I have the honour to forward, herewith, the records of block No. 71, Mavinakodlu, the settlement of which is now complete.

2. This block was notified under section 4 on pages 889 and 890 of the *Fort St. George Gazette*, dated 6th August 1895, the Head Assistant Collector, South Canara, being appointed Forest Settlement-officer in respect thereof.

3. The proclamation under section 6 was issued by that officer on 13th August 1895 and published in the District Gazette, dated 12th September 1895, spare copies thereof being served on the persons interested through the Tahsildar by the end of November of that year.

4. Nine claims were received by the Head Assistant Collector who passed orders on eight of them before perambulation. After perambulating the block in August and September last, I found that the orders passed by that officer in respect of five kumaki claims were erroneous, and I therefore passed fresh orders on them and defined the paths in the sixth, the order of the Head Assistant Collector thereon being simply admitted.

5. Eight claims were received by me, making a total of seventeen claims against the block, the details of the disposal of which are given in the accompanying statement (Enclosure No. 3).

6. As stated above, I perambulated the block in August and September last and as I found the section 4 plan to be too inaccurate to form the basis of section 16 plan, I thought it better to get the whole block resurveyed before submitting it to the District Forest-officer for a fresh plan.

7. The block boundaries were resurveyed by the Forest Settlement Surveyor in November and December 1898, and the block forwarded to the District Forest-officer for the preparation of section 16 plan which was supplied to me on 26th May 1899.

8. The order on the last claim was passed on 24th September 1898, and no appeals have been preferred against any of my orders. The period for the presentation of appeals has now elapsed and the block is therefore free of all rights save those described in the draft notification (Enclosure No. 1).

9. I am of opinion that the boundary of the block as now submitted does not exceed that originally notified under section 4.

10. I forward the following records of settlement herewith :—

(1) Draft notification under section 16;
(2) B. Register;
(3) Statement of claims received, &c.; and
(4) Sketch-map.

11. The date from which reservation is to take effect is left bank in the draft notification to be filled in by Government.

Reference on the above, dated 1st July 1899, No. 189.

It is observed from the sketch-map that the Uthrabail Jeddu cultivation shown as enclosure No. 2 and the tank in respect of which certain easement rights are admitted in claim No. 10-A—9 lie very close to the boundary of the reserve. These should now be excluded and a revised notification submitted at an early date.

2. The Forest Settlement-officer's attention should be drawn to Board's Proceedings, No. 471, dated 18th September 1889, and he should be instructed to exclude from reservation the Local Fund road admitted in claim No. 9-A—1 and to make the necessary addition both in the register of claims and in the draft notification.

I have the honour to return Board's Proceedings, Reference No. 189, dated 1st July 1899, and the records of block No. 71, Mavinakodlu, revised as ordered. The Local Fund road, Uthrabail Jeddu cultivation and the tank easement have been excluded, and the necessary corrections made and notes added in the draft notification and B. Register of claims.

Enters the reserve, 120 yards west of cairn No. 36, passes north-north-west through it, about 4½ furlongs and quits it entering Tenkamundoli enclosure (No. III), one furlong west of cairn No. 4 thereof. Crossing the enclosure it re-enters the reserve, 100 yards east of cairn No. 2 thereof, passes north-east for 160 yards and finally quits it 60 yards north-west of cairn No. 8 of the Badagamundoli enclosure (No. I). Produced two witnesses.	All the witnesses, both for the defence and the claimant, supported the claim which is therefore admitted. I find the darkhast land, a portion of Muli Warg No. 7 of Kuchur village, is also entitled to kumaki. *Note.*—The land is excluded from the reserve by an alteration of the reserve boundary at the request of the District Forest-officer. On inspection I found that all the cairns complained of were full 100 yards from Halgoli Jeddu. I therefore dismiss the claim. (Signed) H. S. MULLINS, Spl. Claims proprietary right to a darkhast land called Kolhikodlu, Muli Warg No. 4 of Balanje village, assessed at Rs. 2 included within the reserve.	The defence witness, the Shanbhogue of Shivapur Magane, states that the claimant pays assessment on a land called Kolhikodlu but does not know if it is included within the reserve. The range officer states that Kolhikodlu is within the reserve.	The chitta showing the boundaries of the land is not produced and as I am inclined to disbelieve the evidence of the claim witnesses, I dismiss the claim and hold that the Kolhikodlu darkhast land is not included within the reserve.
