Proceedings of the Madras Government, Revenue Department, 28*th March* 1867.

No. 469. Read the following Proceedings of the Board of Revenue, dated 18th March 1867, No. 1,673 :—

Read again Statement of Compensation proposed for certain Inams required by the Irrigation and Canal Company from the Collector of Kurnool, dated 29th June 1866, and recorded in the Board's Proceedings, dated 14th November 1866, No. 8,224.

Read also the following letter from the Acting Collector of Kurnool, to the Secretary to the Board of Revenue, dated 22nd December 1866, No. 250.

1. With reference to the Proceedings of the Board of Revenue, dated 14th ultimo, No. 8,224, I have the honor to state that the value as estimated in column 7 is not adopted for the compensation given in column 14, because the amount entered in column 7 is obtained from the sale of adjacent lands by private sale, which cannot always be relied upon.

2. The amount entered in column 14 is arrived at in the following manner :— For instance, if the extent of an Inam is 1 acre and 8 cents, the Inam Commissioner's assessment thereon will be Rupees 1-0-10, to which is added one-third of the assessment calculated to be the Inamdar's profit or income, viz., Rupee 0-5-7, which makes a total of Rupees 1-6-5 ; from this is then deducted the quit-rent leviable, viz., Rupee 0-6-10, leaving a balance of Rupee 0-15-7, which multiplied by 20, makes a total of Rupees 19-7-8, the compensation recommended to be paid. If the Board think that this calculation need not be resorted to for the future, compensation for lands will be recommended on the estimated value of adjacent lands, viz., that given in column 7, but there are objections, and one is that fictitious sales might be entered upon by conniving parties for the purpose of obtaining a higher price for land than would be otherwise given. By the plan adopted in column 14, there would be no opportunity of attempting the same.

---

1. Resolved that the foregoing papers be submitted to Government, and that sanction be requested for the payment of Rupees 21, as compensation for 1·08 acres of Inam land taken up for the Irrigation and Canal Company.

2. The Board consider that, whenever the selling prices of similar lands in the neighbourhood at *bonâ fide* sales can be ascertained, their average should be taken as the rate of compensation to be awarded, and they have adopted this course in the present instance.

No. 470. ORDER THEREON, 28th March 1867, No. 733.
